1. BACKGROUND

The UNDP Programme "Improving the quality of Moldovan democracy through parliamentary and electoral support" aims to enhance parliamentary capacity in carrying out its core functions, thus contributing to viable democracy and open society in Moldova. The project adopts a comprehensive, long-term approach to parliamentary development including strengthening of the legislatures law-making, representation and oversight roles.

In the context of the frequent international travel of the Members of the Parliament of the Republic of Moldova and parliamentary staffers to attend various events in the context of international and bilateral cooperation as well as events aimed to enhance the professional capacities of the MPs, clear actions and processes should be applied, in order to address a range of administrative, procedural and institutional matters and to enhance the impact of these activities on the quality of the Parliament's work.

A range of foreign international and European Parliaments have applied the practice of developing guidelines, instructions or standard operating procedures for official international travel of Members of the Parliament and staff. Such standard operating procedures are expected to guide the operations in the preparation, organisation and follow-up related to the official international travel of the Members of the Parliament and staff and to ensure a well thought out and standardized approach to work flows and prevailing policy and rules that need to be adhered to.

In this context, UNDP Democracy Programme is seeking to hire a national consultant to develop Standard Operating Procedures (SOP) for international official travel of the Members of the Parliament of the Republic of Moldova and parliamentary staffers based on the best international practices.
