Job Title:	National consultant to provide logistic, administrative and procurement support for Policy Analysis Projects' Implementing Unit (PIU) initiatives
Type of Contract:	Individual Contract (IC)
Duty Station:	Chisinau
Expected duration of assignment:	April 2017 – December 2017, up to 15 days per month
Start date:	20 April 2017

BACKGROUND

Over the last decade or so, the Republic of Moldova has made significant positive progress towards poverty alleviation. However, the progress is far from being uniform, with growing disparities between rural and urban settlements. Recent developments indicate that the country will be meeting some of its MDG commitments, particularly in terms of poverty reduction, while will have to make additional efforts for meeting its targets in other areas, in particular health, environment, among others.

The Government of the Republic of Moldova, under its Moldova 2020 Strategy, committed to further promote economic development, support infrastructure improvements, support education sector, and improve access to finance, among others.

Under the current UNPF (2013-2017), the United Nations committed to support the Government and people of the Republic of Moldova in the set priority areas, also pillars of the partnership framework: (a) Democratic Governance, Justice, Equality and Human Rights; (b) Human Development and Social Inclusion and (c) Environment, Climate Change and Disaster Risk Management. Support is directed towards tackling major development challenges currently affecting the development of the country. However, how to prioritize such challenges? How to address such challenges in an effective and efficient manner, given the existing developmental constraints? What innovative policy and programmatic responses are there available to generate new sustainable jobs, promote employability and entrepreneurship, re-channel remittances towards productive sectors?

To provide evidence-based answers to the above and pilot interventions addressing sustainable human development and inclusive growth, UNDP Moldova has a dedicated Projects Implementing Unit that focusing on: (a) policy analysis, (b) implementation of various joint interventions that would promote

entrepreneurship and employability at local level, and (c) promotion of innovations throughout joint interventions for poverty reduction and inclusive growth.

The Implementing Unit is structured on three interlinked components, i.e. policy analysis, employability and innovative entrepreneurship. Each component has specific interventions and sub-components that may be activated or deactivated depending on the corporate decision and needs of the national counterpart(s).

The **policy analysis component** is in charge of: producing regular policy briefs on critical areas where evidence-based analysis is needed to identify options and policy alternatives; development of the National Human Development Reports and related analytical background papers or summaries of in-depth interviews of FG interviews; coordination of the development of other analytical tasks for other components in the Unit;

The **employability component** contains interventions that target skilled unemployed in search for relevant employment of local market and improvement of their soft skills to search for a decent job. Such component is also dealing with promotion of new jobs created in the entrepreneurship component and work with LPAs willing to start-up small-scale career advisory centers or connect to the existing ones.

The **innovative entrepreneurship component** contains interventions for the creation of Business Innovations Lab, of an Innovations fund to support business start-up and business development, financial support instruments to be managed based on UNDP rules and regulations, and similar.
