Duty Station: Chisinau, Moldova

Section/Unit: Migration and Local Development Project (MiDL)

Type of Contract: Individual Contract

Starting Date: May 24, 2019

Duration of Assignment: May – December 2019 (with possibility of extension)

Job Content

I. BACKGROUND

Migration remains an overwhelming issue in the Republic of Moldova, with a decisive impact both, at national and local level. According to various sources, overall 1/4 of the country's population is still residing abroad. The rural area of the country is particularly affected, as it loses its economically active population in favor of international labor migration and with it, its long-term development perspective. On the other side, remittances continue to make a difference and create significant dependence.

The Moldovan Government (GoM) acknowledges that, if addressed and managed properly, human mobility can also bring many opportunities, changes and improvements in the country. Due to the Swiss development support, the GoM migration policy focus shifted from a management and control perspective to capitalizing on the opportunities provided by migration.

During the first phase of implementation, the UNDP/MiDL project proved that the diaspora can contribute a lot back to their places of origin: it is now more engaged in their home communities development through 38 Home Town Associations (HTAs), providing already over 4 mln Lei to local development projects. Moreover, more than 100 additional HTAs were launched in Moldova, based on the UNDP/MiDL tested model, being at different stages of progress.

Building on the positive experience from 2016-2018, a new 4-year (2019-2022) phase of the 'Migration and Local Development Project' was launched in January 2019, to be implemented by UNDP with the financial support from the Swiss Agency for Cooperation and Development.

The Overall Goal of this continuation is maximizing the impact of migration on the socio-economic development through an improved institutional framework and engaged Diaspora.

Under Outcome 1, the project will ensure that Moldovan labour, potential, actual and returning migrants benefit from comprehensive employment support services. To that end, national and local authorities will be fully equipped to answer to the needs of all categories of migrants at each stage of migration (pre, migration, post).

Under Outcome 2, actions will warrant that community members, including migrants are meaningfully engaged in the local development process. In line with that, activities will focus on working close with public authorities, other local actors and migrants for the effective implementation of local development initiatives aimed at improving local services and offering income-generating opportunities at local level.

As part of efforts under Outcome 2, UNDP/MiDL Project is looking to further develop the institutional capacities of HTA and will provide seed funding to thereof to independently implement local development schemes, identified jointly with the local community, including with migrants, based on the 1+1 principle. This set up will be done in the framework of two grant programs launched within the project: HTAs Accelerator and HTA Incubator.

Supplementary to these, **UNDP/MiDL** Project will co-finance DAR 1+3¹ program implemented by Moldovan Diaspora Relations Bureau (BRD), and will offer financial support to HTAs, UNDP/MiDL Project representing donor part from the 1+3 formula. This will be done under the umbrella of the HTAs Accelerator Grants Program.

In line with the above, UNDP/MiDL Project seeks an experienced national consultant is to assist the UNDP/MiDL Project team in the effective and efficient coordination of Small Grants Programs for HTAs. The Individual Consultant will be assigned to UNDP/MiDL office and Diaspora Relations Bureau (BRD).

II. SCOPE OF WORK

The overall objective of the assignment of the National Consultant (hereinafter Consultant) is to provide methodological support and guidance to the project team for supporting the implementation of the HTAs dedicated Grants Programs, specifically: HTAs Accelerator, HTAs Incubator and DAR 1+3.

The Consultant will contribute to the successful achievement of the Outcome 2 (Output 2.2) Experience of migrants' involvement in community development is well documented and capitalized for easy replication. Under this Output, the incumbent will support the UNDP/MiDL team to support target HTAs to effectively implement local development projects and small initiatives in their native localities from Moldova. This will be done via continuous communication with successful applicants (HTAs), assessment of their needs and provision of relevant recommendations, monitoring and evaluation of HTAs projects implementation, and ensuring of the timely and quality HTAs reporting to the team.
