### **12. Cost**

The Proposer shall bear any and all costs related to the preparation and/or submission of the Proposal, regardless of whether its Proposal was selected or not. UNDP shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

Any printed literature furnished by the Proposer written in a language other than the language indicated in the **Data Sheet**, must be accompanied by a translation in the preferred language indicated in the **Data Sheet**. For purposes of interpretation of the Proposal, and in the event of discrepancy or inconsistency in meaning, the version translated into the preferred language shall govern. Upon conclusion of a contract, the language of the contract shall govern the relationship between the contractor and UNDP.

### 14. Proposal Submission Form

The Proposer shall submit the Proposal Submission Form using the form provided in Section 4 of this RFP.

### 15. Technical Proposal Format and Content

Unless otherwise stated in the **Data Sheet** (DS no. 28), the Proposer shall structure the Technical Proposal as follows:

- 15.1 Expertise of Firm/Organization – this section should provide details regarding management structure of the organization, organizational capability/resources, and experience of organization/firm, the list of projects/contracts (both completed and on-going, both domestic and international) which are related or similar in nature to the requirements of the RFP, and proof of financial stability and adequacy of resources to complete the services required by the RFP (see RFP clause 18 and DS No. 26 for further details). The same shall apply to any other entity participating in the RFP as a Joint Venture or Consortium.
- 15.2 Proposed Methodology, Approach and Implementation Plan – this section should demonstrate the Proposer's response to the Terms of Reference by identifying the specific components proposed, how the requirements shall be addressed, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; identifying the works/portions of the work that will be subcontracted; and demonstrating how the proposed methodology meets or exceeds the specifications, while ensuring appropriateness of the approach to the local conditions and the rest of the project operating environment. This methodology must be laid out in an implementation timetable that is within the duration of the contract as specified in the **Data Sheet** (DS nos. 29 and 30).

Proposers must be fully aware that the products or services that UNDP requires may be transferred, immediately or eventually, by UNDP to the Government partners, or to an entity nominated by the latter, in accordance with UNDP's policies and procedures. All proposers are therefore required to submit the following in their proposals:

- 15.3 Management Structure and Key Personnel – This section should include the comprehensive curriculum vitae (CVs) of key personnel that will be assigned to support the implementation of the proposed methodology, clearly defining the roles and responsibilities vis-à-vis the proposed methodology. CVs should establish competence and demonstrate qualifications in areas relevant to the TOR.

In complying with this section, the Proposer assures and confirms to UNDP that the personnel being nominated are available for the Contract on the dates proposed. If any of the key personnel later becomes unavailable, except for unavoidable reasons such as death or medical incapacity, among other possibilities, UNDP reserves the right to consider the proposal non-responsive. Any deliberate substitution arising from unavoidable reasons, including delay in the implementation of the project of programme through no fault of the Proposer shall be made only with UNDP's acceptance of the justification for substitution, and UNDP's approval of the qualification of the replacement who shall be either of equal or superior credentials as the one being replaced.

- 15.4 Where the **Data Sheet** requires the submission of the Proposal Security, the Proposal Security shall be included along with the Technical Proposal. The Proposal Security may be forfeited by UNDP, and reject the Proposal, in the event of any or any combination of the following conditions:
- a) If the Proposer withdraws its offer during the period of the Proposal Validity specified in the **Data Sheet** (DS no. 11), or;
  - b) If the Proposal Security amount is found to be less than what is required by UNDP as indicated in the **Data Sheet** (DS no. 9), or;
  - c) In the case the successful Proposer fails:
    - i. to sign the Contract after UNDP has awarded it;
    - ii. to comply with UNDP's variation of requirement, as per RFP clause 35; or

## 16. Financial Proposals

The Financial Proposal shall be prepared using the attached standard form (Section 7). It shall list all major cost components associated with the services, and the detailed breakdown of such costs. All outputs and activities described in the Technical Proposal must be priced separately on a one-to-one correspondence. Any output and activities described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, as well as in the final total price.

## 17. Currencies

All prices shall be quoted in the currency indicated in the **Data Sheet** (DS no. 15). However, where Proposals are quoted in different currencies, for the purposes of comparison of all Proposals:

- a) UNDP will convert the currency quoted in the Proposal into the UNDP preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Proposals; and
- b) In the event that the proposal found to be the most responsive to the RFP requirement is quoted in another currency different from the preferred currency as per **Data Sheet** (DS no. 15), then UNDP shall reserve the right to award the contract in the currency of UNDP's preference, using the conversion method specified above.

Proposals submitted by two (2) or more Proposers shall all be rejected if they are found to have any of the following:

- a) they have at least one controlling partner, director or shareholder in common; or
- b) any one of them receive or have received any direct or indirect subsidy from the other/s; or
- c) they have the same legal representative for purposes of this RFP; or

- e) they are subcontractors to each other's Proposal, or a subcontractor to one Proposal also submits another Proposal under its name as lead Proposer; or
- f) an expert proposed to be in the team of one Proposer participates in more than one Proposal received for this RFP process. This condition does not apply to subcontractors being included in more than one Proposal.

## **18. Documents Establishing the Eligibility and Qualifications of the Proposer**

The Proposer shall furnish documentary evidence of its status as an eligible and qualified vendor, using the forms provided under Section 5, Proposer Information Forms. In order to award a contract to a Proposer, its qualifications must be documented to UNDP's satisfaction. These include, but are not limited to, the following:

- a) That, in the case of a Proposer offering to supply goods under the Contract which the Proposer did not manufacture or otherwise produce, the Proposer has been duly authorized by the goods' manufacturer or producer to supply the goods in the country of final destination;
- b) That the Proposer has the financial, technical, and production capability necessary to perform the Contract; and
- c) That, to the best of the Proposer's knowledge, it is not included in the UN 1267/1989 List or the UN Ineligibility List, nor in any and all of UNDP's list of suspended and removed vendors.

## **19. Joint Venture, Consortium or Association**

If the Proposer is a group of legal entities that will form or have formed a joint venture, consortium or association at the time of the submission of the Proposal, they shall confirm in their Proposal that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the joint venture jointly and severally, and this shall be duly evidenced by a duly notarized Agreement among the legal entities, which shall be submitted along with the Proposal; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

After the Proposal has been submitted to UNDP, the lead entity identified to represent the joint venture shall not be altered without the prior written consent of UNDP. Furthermore, neither the lead entity nor the member entities of the joint venture can:

- a) Submit another proposal, either in its own capacity; nor
- b) As a lead entity or a member entity for another joint venture submitting another Proposal.

The description of the organization of the joint venture/consortium/association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements of the RFP, both in the Proposal and the Joint Venture Agreement. All entities that comprise the joint venture shall be subject to the eligibility and qualification assessment by UNDP.

Where a joint venture is presenting its track record and experience in a similar undertaking as those required in the RFP, it should present such information in the following manner:

- a) Those that were undertaken together by the joint venture; and
- b) Those that were undertaken by the individual entities of the joint venture expected to be involved in the performance of the services defined in the RFP.

Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the joint venture or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.

If a joint venture's Proposal is determined by UNDP as the most responsive Proposal that offers the best value for money, UNDP shall award the contract to the joint venture, in the name of its

designated lead entity. The lead entity shall sign the contract for and on behalf of all other member entities.

## 20. Alternative Proposals

Unless otherwise specified in the **Data Sheet** (DS nos. 5 and 6), alternative proposals shall not be considered. Where the conditions for its acceptance are met, or justifications are clearly established, UNDP reserves the right to award a contract based on an alternative proposal.

Proposals shall remain valid for the period specified in the **Data Sheet** (DS no. 8), commencing on the submission deadline date also indicated in the **Data Sheet** (DS no. 21). A Proposal valid for a shorter period shall be immediately rejected by UNDP and rendered non-responsive.

In exceptional circumstances, prior to the expiration of the proposal validity period, UNDP may request Proposers to extend the period of validity of their Proposals. The request and the responses shall be made in writing, and shall be considered integral to the Proposal.

## 22. Proposer's Conference

When appropriate, a proposer's conference will be conducted at the date, time and location specified in the **Data Sheet** (DS no. 7). All Proposers are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Proposer. Minutes of the proposer's conference will be either posted on the UNDP website, or disseminated to the individual firms who have registered or expressed interest with the contract, whether or not they attended the conference. No verbal statement made during the conference shall modify the terms and conditions of the RFP unless such statement is specifically written in the Minutes of the Conference, or issued/posted as an amendment in the form of a Supplemental Information to the RFP.

The authorization shall be communicated through a document evidencing such authorization issued by the highest official of the firm, or a Power of Attorney, accompanying the Proposal.

- 23.4 Proposers must be aware that the mere act of submission of a Proposal, in and of itself, implies that the Proposer accepts the General Contract Terms and Conditions of UNDP as attached hereto as Section 11.

## **24. Deadline for Submission of Proposals and Late Proposals**

Proposals must be received by UNDP at the address and no later than the date and time specified in the **Data Sheet** (DS nos. 20 and 21).

## **25. Withdrawal, Substitution, and Modification of Proposals**

- 25.1 Proposers are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of its Proposals to the requirements of the RFP, keeping in mind that material deficiencies in providing information requested by UNDP, or lack clarity in the description of services to be provided, may result in the rejection of the Proposal. The Proposer shall assume the responsibility regarding erroneous interpretations or conclusions made by the Proposer in the course of understanding the RFP out of the set of information furnished by UNDP.
- 25.2 A Proposer may withdraw, substitute or modify its Proposal after it has been submitted by sending a written notice in accordance with Clause 23.1, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). The corresponding substitution or modification of the Proposal must accompany the respective written notice. All notices must be received by UNDP prior to the deadline for submission and submitted in accordance with RFP Clause 23.1 (except that withdrawal notices do not require copies). The respective envelopes shall be clearly marked "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION".
- 25.3 Proposals requested to be withdrawn shall be returned unopened to the Proposers.
- 25.4 No Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the expiration of the period of proposal validity specified by the Proposer on the Proposal Submission Form or any extension thereof.

## **26. Proposal Opening**

UNDP will open the Proposals in the presence of an ad-hoc committee formed by UNDP of at least two (2) members. If electronic submission is permitted, any specific electronic proposal opening procedures shall be as specified in the **Data Sheet** (DS no. 23).

The Proposers' names, modifications, withdrawals, the condition of the envelope labels/seals, the number of folders/files and all other such other details as UNDP may consider appropriate, will be announced at the opening. No Proposal shall be rejected at the opening stage, except for late submission, for which the Proposal shall be returned unopened to the Proposer.

## **27. Confidentiality**

Information relating to the examination, evaluation, and comparison of Proposals, and the recommendation of contract award, shall not be disclosed to Proposers or any other persons not

officially concerned with such process, even after publication of the contract award.

Any effort by a Proposer to influence UNDP in the examination, evaluation and comparison of the Proposals or contract award decisions may, at UNDP's decision, result in the rejection of its Proposal.

In the event that a Proposer is unsuccessful, the Proposer may seek a meeting with UNDP for a debriefing. The purpose of the debriefing is discussing the strengths and weaknesses of the Proposer's submission, in order to assist the Proposer in improving the proposals presented to UNDP. The content of other proposals and how they compare to the Proposer's submission shall not be discussed.

## E. EVALUATION OF PROPOSALS

### 28. Preliminary Examination of Proposals

UNDP shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, whether or not the Proposer is in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's list of suspended and removed vendors, and whether the Proposals are generally in order, among other indicators that may be used at this stage. UNDP may reject any Proposal at this stage.

### 29. Evaluation of Proposals

- 29.1 UNDP shall examine the Proposal to confirm that all terms and conditions under the UNDP General Terms and Conditions and Special Conditions have been accepted by the Proposer without any deviation or reservation.
- 29.2 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other documentation provided, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet** (DS no. 32). Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP particularly the demands of the Terms of Reference, which also means that it fails to achieve the minimum technical score indicated in the **Data Sheet** (DS no. 25). Absolutely no changes may be made by UNDP in the criteria, sub-criteria and point system indicated in the **Data Sheet** (DS no. 32) after all Proposals have been received.
- 29.3 In the second stage, only the Financial Proposals of those Proposers who achieve the minimum technical score will be opened for evaluation for comparison and review. The Financial Proposal Envelopes corresponding to Proposals that did not meet the minimum passing technical score shall be returned to the Proposer unopened. The overall evaluation score will be based either on a combination of the technical score and the financial offer, or the lowest evaluated financial proposal of the technically qualified Proposers. The evaluation method that applies for this RFP shall be as indicated in the **Data Sheet** (DS No. 25).

When the Data Sheet specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:

Rating the Technical Proposal (TP):

$$\text{TP Rating} = (\text{Total Score Obtained by the Offer} / \text{Max. Obtainable Score for TP}) \times 100$$

Rating the Financial Proposal (FP):

$$\text{FP Rating} = (\text{Lowest Priced Offer} / \text{Price of the Offer Being Reviewed}) \times 100$$

Total Combined Score:

$$\frac{(\text{TP Rating}) \times (\text{Weight of TP, e.g. 70\%}) + (\text{FP Rating}) \times (\text{Weight of FP, e.g., 30\%})}{\text{Total Combined and Final Rating of the Proposal}}$$

29.4 UNDP reserves the right to undertake a post-qualification exercise aimed at determining, to its satisfaction the validity of the information provided by the Proposer. Such post-qualification shall be fully documented and, among those that may be listed in the **Data Sheet** (DS No.33), may include, but need not be limited to, all or any combination of the following :

- a) Verification of accuracy, correctness and authenticity of information provided by the Proposer on the legal, technical and financial documents submitted;
- b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team;
- c) Inquiry and reference checking with Government entities with jurisdiction on the Proposer, or any other entity that may have done business with the Proposer;
- d) Inquiry and reference checking with other previous clients on the quality of performance on ongoing or previous contracts completed;
- e) Physical inspection of the Proposer's offices, branches or other places where business transpires, with or without notice to the Proposer;
- f) Quality assessment of ongoing and completed outputs, works and activities similar to the requirements of UNDP, where available; and
- g) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

### **30. Clarification of Proposals**

To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Proposer for a clarification of its Proposal.

UNDP's request for clarification and the response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP Clause 32.

Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.

### **31. Responsiveness of Proposal**

UNDP's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself.

A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.

If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Proposer by correction of the material deviation, reservation, or omission.

### **32. Nonconformities, Repairable Errors and Omissions**

Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or

omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.

Provided that a Proposal is substantially responsive, UNDP may request the Proposer to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

Provided that the Proposal is substantially responsive, UNDP shall correct arithmetical errors as follows:

- a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

If the Proposer does not accept the correction of errors made by UNDP, its Proposal shall be rejected.

## **F. AWARD OF CONTRACT**

### **33. Right to Accept, Reject, or Render Non-Responsive Any or All Proposals**

UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Proposer(s) of the grounds for UNDP's action. Furthermore, UNDP shall not be obliged to award the contract to the lowest price offer.

UNDP shall also verify, and immediately reject their respective Proposal, if the Proposers are found to appear in the UN's Consolidated List of Individuals and Entities with Association to Terrorist Organizations, in the List of Vendors Suspended or Removed from the UN Secretariat Procurement Division Vendor Roster, the UN Ineligibility List, and other such lists that as may be established or recognized by UNDP policy on Vendor Sanctions. (See [http://www.undp.org/content/undp/en/home/operations/procurement/procurement\\_protest/](http://www.undp.org/content/undp/en/home/operations/procurement/procurement_protest/) for details).

### **34. Award Criteria**

Prior to expiration of the period of proposal validity, UNDP shall award the contract to the qualified Proposer with the highest total score based on the evaluation method indicated in the **Data Sheet** (DS nos. 25 and 32).

### **35. Right to Vary Requirements at the Time of Award**

At the time of award of Contract, UNDP reserves the right to vary the quantity of services and/or goods, by up to a maximum twenty five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

### **36. Contract Signature**

Within fifteen (15) days from the date of receipt of the Contract, the successful Proposer shall sign and date the Contract and return it to UNDP.

Failure of the successful Proposer to comply with the requirement of RFP Clause 35 and this provision shall constitute sufficient grounds for the annulment of the award, and forfeiture of the Proposal Security if any, and on which event, UNDP may award the Contract to the Proposer with the second highest rated Proposal, or call for new Proposals.

### **37. Performance Security**

A performance security, if required, shall be provided in the amount and form provided in Section 9 and by the deadline indicated in the **Data Sheet** (DS no. 14), as applicable. Where a Performance Security will be required, the submission of the said document, and the confirmation of its acceptance by UNDP, shall be a condition for the effectivity of the Contract that will be signed by and between the successful Proposer and UNDP.

### **38. Bank Guarantee for Advanced Payment**

Except when the interests of UNDP so require, it is the UNDP's preference to make no advanced payment(s) on contracts (i.e., payments without having received any outputs). In the event that the Proposer requires an advanced payment upon contract signature, and if such request is duly accepted by UNDP, and the said advanced payment exceeds 20% of the total proposal price, or exceed the amount of USD 30,000, UNDP shall require the Proposer to submit a Bank Guarantee in the same amount as the advanced payment. A bank guarantee for advanced payment shall be furnished in the form provided in Section 10.

### **39. Vendor Protest**

UNDP's vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a purchase order or contract through a competitive procurement process. In the event that a Proposer believes that it was not treated fairly, the following link provides further details regarding UNDP vendor protest procedures: <http://www.undp.org/procurement/protest.shtml>.

***“National post-2015 consultations”  
UN Resident Coordinator’s Office  
Republic of Moldova***

### **B. Background**

The adoption of the Millennium Declaration in 2000 by all 189 Member States of the UN General Assembly was a defining moment for global development cooperation. In recognition of the need to translate this commitment into action, the Millennium Development Goals (MDGs) were adopted. Since their endorsement by the UN General Assembly, the MDGs have defined a common framework of priorities for the development community. In September 2010, a High Level Plenary Meeting of the General Assembly convened to review progress on the MDG targets and agreed on a concrete action plan to accelerate progress towards their full achievement by 2015. It also called on the UN System to continue informing the global debate on development and to lead the international discussion on a post 2015 development agenda.

The UN Secretary-General (UN SG) Report ‘Accelerating progress towards the Millennium Development Goals: options for sustained and inclusive growth and issues for advancing the United Nations development agenda beyond 2015’ indicates that “[t]he post-2015 development framework is likely to have the best development impact if it emerges from an inclusive, open and transparent process with multi-stakeholder participation.” It is critical for the UN System to launch a substantive and inclusive process that will lead to the definition of a beyond 2015 development agenda owned by all players. The UN SG has now initiated steps within the UN System to launch the process that will inform a new UN development agenda.

In addition, the UN Development Group (UNDG) has developed a proposal which aims to facilitate inclusive consultation processes in at least 50 countries to stimulate the debate on the post-2015 development agenda, which are expected to complement the formal consultations on post-2015 led by the UN Secretariat on behalf of the UN General Assembly. Moldova has elected to participate in such an inclusive consultation process.

The objective of the country consultations is to stimulate an inclusive debate on a post-2015 development agenda by providing an analytical base, inputs and ideas that (a) build a shared global vision on ‘The Future We Want’, with clear recommendations for governments, civil society and broad stakeholders; (b) amplify the voices of the poor and other marginalized groups in formal negotiation processes; and (c) influence the intergovernmental processes so that they align with the aspirations of civil society for a post-2015 agenda.

### **C. Scope of Services, Expected Outputs**

The national consultation process consists of four consecutive and interlinked phases. All three phases contribute to the preparation of an output document.

These four phases are:

- Design (in coordination with key partners) of the methodology for the national consultation process;
- Facilitation (with support from local consultant and in coordination with key partners) of the national consultation process and validation of its outcomes;

---

<sup>6</sup> This document serves as a guide to Requestor on how to write the TOR for the RFP, by suggesting contents. This document is not to be shared with Proposers in this current state and form. The TOR actually written by the Requestor shall be the TOR that will be attached to this part of the RFP.

- Preparation of the final report containing summary of the consultation process and key recommendations stemming from it.
- Conduct a validation workshop

### **A) Design the methodology for the consultation process**

In order to conduct the national consultation process on the post-2015 development agenda the UN Country Team's Task Force elaborated a Consultation Plan (Annex I) that envisages a series of instruments to ensure inclusive and comprehensive participation of the various stakeholders from Moldova in the consultation process. The team will design the methodology for the consultations. This methodology will envisage

- Instruments used to undertake the process (surveys, focus-groups)
- Documentation of the process;
- Steps for validation of the outcome of the national consultations;
- Manage feedback from stakeholders on the process

The methodology will take into account and seek synergies with other national planning or visioning exercises that took place recently or will be occurring in parallel.

### **B) Facilitation of the national consultation process and validation of its outcomes from all relevant sectors in the context of the National Awareness Campaign**

In close collaboration with the UN RC Office, UNDP Policy Unit and in coordination with UN Country Team Moldova post-2015 Task Force as well as partners, the lead consultant and facilitator will be tasked to coordinate and facilitate national consultation process on post-2015 development agenda "The Future Moldova Wants" in accordance with the UNDG Guidelines for Country Dialogues and the Consultation Plan elaborated by the UNCT Moldova post-2015 Task Force.

### **C) Undertake Communications efforts**

Under the guidance and collaboration with UN Communication Team, the team will ensure online presence and engagement in the "Post 2015 Consultation" process on social media networks, including Facebook and Twitter. The team will disseminate information and animate discussions, ideally through daily feeds, but with not less than 10 feeds per month. In addition, the team will produce news updates regarding the consultation process of approx. 200-250 words per week for the website content. The team will analyse the e-data and content from other media sources.

In this process the team will be supported, where appropriate, by UN Country Team members.

### **D) Prepare a Draft National Report**

A synthesis report captures the outcomes of the national consultation process and provides key recommendations along (but not limited to) the lines set in the template of the UNDG Guidelines for Country Dialogues (Annex 5.1 of the Guidelines). In this task the lead consultant, supported by analyst consultant, will work with close coordination with UN RC Office, UNDP Policy Unit and in coordination with UNCT Moldova post-2015 Task Force.

Finalization of the report should be preceded an extensive validation process. The final report will be presented at stakeholder workshops and at the final official launch. All reports and related documentation shall be written in the English language.

### **E) Conduct a Validation Workshop**

The team will conduct a validation workshop in Chisinau, with the participation of key stakeholders.

#### **D. Institutional Arrangement**

Under the overall direction of RC Office and with support of the UNDP Moldova Policy Unit and the Post-2015 task force of the UN Country Team, in close collaboration with the UN Communications Team, the contracted team will compose of one team leader, with assistance from one facilitator providing support in facilitation of the consultation process and one analyst consultant providing support in methodological design and analysis of the outcomes of the consultation process.

The lead consultant will ensure that the consultation process is conducted in an inclusive (most stakeholder groups, including those vulnerable and marginalized are included) and comprehensive (all pertinent themes of sustainable development are tackled) manner and in accordance with the Guidelines for Country Dialogues

(<http://www.undg.org/docs/12532/POST%202015%20-%20ENGLISH%20-%20July%2008.pdf>).

## **G. Annexes to the TOR**

### **MOLDOVA'S POST-2015 CONSULTATION PLAN: The Future Moldova Wants**

Since 2009 Republic of Moldova has been going through a series of deep transformations aimed at establishment of a more democratic and efficient governance and building of a more sustainable and inclusive model of economic growth. In order to underpin this transformative effort the Government conducted an inclusive visioning exercise with the purpose to discuss and formulate the new development strategy of Moldova for the period of up to 2020. Furthermore, last year saw certain incremental progress in dialogue between the Republic of Moldova and its break-away Transnistrian region. Against this backdrop, the confidence-building measures are increasingly gaining in traction. The UN in Moldova is among the key development partners of Moldova's government lending its support to ensure country's progress on the reform path and that the resulting changes bring about developmental benefits to Moldovan people as a whole. The UN – Republic of Moldova Partnership Framework (2013-2017), titled "Unity in Action", agreed by UN Moldova and Government last year lays groundwork for these

joint efforts. Starting 2012 UNCT Moldova has jointly been involved in an inclusive exercise to elaborate the UNPF Action Plan that will be guiding joint UN support to Moldovan government. In this, sense the post-2015 Future We Want build on and complement the existing development planning and dialogue frameworks; yet, it will also expand it further by scaling up participation by including those less represented in usual dialogue exercises, by trying to reach out for representative from the break-away region of Transnistria, and also by serving as a solid platform for One UN engagement within the country into the future.

The discussions with the national mobile telephony providers are already underway on this issue. ## 1. Resources

1.1. *Kindly indicate whether you are planning to mobilize additional resources or can see opportunities for cost-sharing.*

- Venues - yes;
- Transport - yes;
- Interpretation - yes;
- Facilitation and rapporteurs;
- Preparatory research - yes;
- Documentation and communication - yes.

1.2. *Please describe any specific opportunities, challenges and/or support needs regarding partners mentioned above.*

- Use experience, knowledge and social capital accumulated by UNCT, especially for outreaching stakeholders outside the capital city (local communities, remote villages, marginalized groups, break-away region of Transnistria and Gagauz autonomy)

1.3. *Synergies (Section 1.4): Please describe relevant (sub) national planning processes or other large-scale planning or visioning exercises which the country is/has been/will be engaged in and how the consultations could link with those.*

- a) UNPF Action Plan discussions and planning with key governmental and non-governmental stakeholders and planning exercise;
- b) The Joint Assessment of the National programme on Prevention and Control of HIV/AIDS and STIs (June 2011) and the MAF (focused on MDG 6) process underway in 2012, flagged important priorities for the national response to HIV/TB and provide an important venue for an inclusive dialogue on the HIV/TB related policy framework;
- c) During August – October in Moldova will take place the Review of International Conference on Population and Development Programme of Action (ICPD PoA). The hired national consultants will provide technical and coordination services ensuring high quality, accuracy and consistency of work in relation to the ICPD review. Operational Review at the country level, ensuring broad and multi-sectoral participation (government, parliamentarians, professional organizations and NGOs, youth, etc.) in the review process.
- d) Under joint (UNDP, IOM and UNWomen) pilot project “Mainstreaming migration into development” a team formed of an International and National experts will be working in close conjunction with the UNCT to:
  - assess policy/institutional coherence of the migration management framework in place,
  - assess and enhance UNCT capacity and coherence, and include recommendations for strengthening capabilities, including in migrants rights areas;
  - prepare a Migration Mainstreaming Proposal.

The opportunities offered by the project will be used to carry out post-2015 national consultations, especially in the migration and development realm.

- e) During September-December consultations will be organized for the development of the National Programme for Prevention of School Drop-out (Ministry of Education with UNICEF support) that contributes directly to the improvement of access to basic education;
- f) During September-October Consultations around the Strategy and Plan of Action Education 2020 (Ministry of Education with UNICEF support) will take place and these will serve as a venue for addressing broader educational challenges in the national context;
- g) During September –December, Congress of Local Public Authorities (CLPA) will organize consultations with LPAs on decentralization in social sector and its impact on the most vulnerable population; this can provide a valuable entry point to reach out to those most vulnerable;
- h) During September-October consultations will be organized on development Child and Family Protection Strategy and evaluation of first five years of the child care reform.

An outstanding challenge is that the post-2015 national discussion process will follow in time the national consultation process on the recently adopted new National Development Strategy Moldova 2020 which took place in 2011. The dialogue with Moldovan government will thus be extremely important (discussions are already underway) in order to seek complementarities and build on the results of that previous consultation process.

## **2. Process**

*2.1. Participation: Please describe opportunities, challenges and/or support needs regarding space for non-governmental actors to participate in development dialogues, including civil society, academia, etc.*

- a) The high level of horizontal (National Participation Council and National NGO Council) and sector association of non-governmental organizations represents a clear opportunity to better organize and frame the national discussion process.
- b) Strong opportunity is also ongoing involvement of NGOs from Transnistria in several sector-level non-governmental forums; this might serve as entry points for extending discussions to this break-away region.
- c) Sound opportunity is the availability of tripartite social dialogue institutions (national, branch and territorial commissions for consultancy and collective bargaining) as consultative platforms where the government and employers' and trade unions' organizations share national and local knowledge on development issues.
- d) Ongoing media work supported by UNICEF includes regular networking and support with a youth blogger group; this work will be further developed to create an additional, adolescent & youth oriented platform for consultation and feedback.
- e) Ongoing child rights monitoring work with an NGO which brings together children who are often sidelined: those growing up in institutions, living with disability, rural poor, and Roma. This work can be expanded to encompass post 2015 issues.
- f) Development of One Minute films produced by children on 'The Future We Want' – there is interest in pursuing this both to a) stimulate interest in the wider population to participate and b) document the views emerging from consultations with children and adolescents

*2.2. Stakeholders (Section II.1 and II.2.): Please describe opportunities, challenges and/or support needs on how to involve key stakeholders in the country.*

Although Moldova is no stranger for inclusive development consultations, the post-2015 dialogue will certainly be one of the biggest such efforts both by scale of inclusion as well as time horizon for formulation of development goals. The biggest challenge, but at the same time opportunity, as seen at

this incipient stage would be to outreach to those most vulnerable and marginalized who often lack the stage to voice concerns and views regarding development issues . Another challenge and opportunity would be to involve the population from the break-away region from Transnistria, which would be involved for the first time in such consultation exercise along with their compatriots from main Moldova.

The social media and e-consultations offer tremendous opportunities in terms of outreaching for wide public with low costs, but also in terms of flexibility of process as well as important feedback loops to keep the momentum.

*2.3. Timeline (Section I): Please describe opportunities, challenges and/or support needs regarding the timeline indicated above.*

The timeline appear quite tight and to ensure quality of the process significant mobilization of external and internal resources will be needed. Another challenge would be to seek synergies with sector consultations processes that have been taking place in this relatively restrained time period.

### **3. Content.**

*Kindly describe opportunities, challenges and/or support needs regarding the use or adaptation of the guiding questions.*

While the guiding questions offer a favorable framework for people to voice their concerns and to think outside predetermined goals, the analytical challenge would be to contextualize the responses both with respect to content and to timeframe (15 or 25 years post-2015) and to develop policy recommendations on their basis.

### **4. Documentation**

*4.1. Validation (Section IV.1.): Please describe how the results of the consultations will be validated with stakeholders.*

The validation process will have a two-fold approach. The results obtained as part of the national opinion survey will be validated as required by the methodology of sociological surveys. As suggested by the Guidelines the validation will be embedded in consultation process organized via focus groups and citizens panels' methods by deploying visual real-time methods of presentation whenever possible. The social media and dedicated e-spaces would be extensively used for validation purposes as well. Finalization phase of the process will include a series of workshops with key stakeholders and thus will provide validation venue for the findings, conclusions and recommendations of the report.

*4.2. Documentation (Section IV.2.): Please describe how the consultations will be documented.*

At this stage the following techniques of documentation:

- a) Registering participants with data disaggregation along relevant indicators (gender, residence, age, sector of employment, ethnical/linguistic background, education, disability qualifier, etc.);
- b) Minutes of the meetings;
- c) Photos;
- d) Media coverage;
- e) Audio and video recording whenever feasible;
- f) On-line/forum discussions;

*4.3. Feedback mechanism (Section IV): Please describe what mechanism will ensure that stakeholders can raise questions about the process of the consultations.*

Several venues for provision of feedback:

- a) A dedicated e-space (UNCT and UN sites; UNCT Moldova space on facebook; other venues);
- b) Via other sector UN-led consultation processes and UN-supported projects involved in assisting post-2015 discussions process (see p. 1.2. for instance);
- c) Validation workshops with key stakeholders;
- d) Via key partners, such as horizontal or vertical associations of NGOs, etc.
- e) As UNDP Moldova plans to make post-2015 development agenda a centerpiece of the 2013 NHDR, the latter will be comprehensively informed by and will seek to further analytical and advocacy work on the issue, using the national consultations process and final report as a key resource.

*4.4. Dissemination (Section IV): Please describe how the results of the consultations will be disseminated in the country.*

- a) Official launch and press-conference will be organized at the end of the consultations. These will be preceded by a series of workshops with key stakeholders;
- b) Using existing networks and partnerships the process and its results will be covered by the national media (news and thematic talk-shows);
- c) Extensive use of social media and other e-sources will be used to raise awareness about the national discussion process and its outcomes;
- d) UNCT members will use their networks to further disseminate the results of the consultations;
