11. Amendment of Proposals

- 11.1 At any time prior to the deadline of Proposal submission, UNDP may for any reason, such as in response to a clarification requested by a Proposer, modify the RFP in the form of a Supplemental Information to the RFP. C. PREPARATION OF PROPOSALS

12. Cost

The Proposer shall bear any and all costs related to the preparation and/or submission of the Proposal, regardless of whether its Proposal was selected or not. UNDP shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

Any printed literature furnished by the Proposer written in a language other than the language indicated in the **Data Sheet**, must be accompanied by a translation in the preferred language indicated in the **Data Sheet**. For purposes of interpretation of the Proposal, and in the event of discrepancy or inconsistency in meaning, the version translated into the preferred language shall govern. Upon conclusion of a contract, the language of the contract shall govern the relationship between the contractor and UNDP.

14. Proposal Submission Form

The Proposer shall submit the Proposal Submission Form using the form provided in Section 4 of this RFP.

15. Technical Proposal Format and Content

Unless otherwise stated in the **Data Sheet** (DS no. 28), the Proposer shall structure the Technical Proposal as follows:

- 15.1 Expertise of Firm/Organization – this section should provide details regarding management structure of the organization, organizational capability/resources, and experience of organization/firm, the list of projects/contracts (both completed and on-going, both domestic and international) which are related or similar in nature to the requirements of the RFP, and proof of financial stability and adequacy of resources to complete the services required by the RFP (see RFP clause 18 and DS No. 26 for further details). The same shall apply to any other entity participating in the RFP as a Joint Venture or Consortium.
- 15.2 Proposed Methodology, Approach and Implementation Plan – this section should demonstrate the Proposer's response to the Terms of Reference by identifying the specific components proposed, how the requirements shall be addressed, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; identifying the works/portions of the work that will be subcontracted; and demonstrating how the proposed methodology meets or exceeds the specifications, while ensuring appropriateness of the approach to the local conditions and the rest of the project operating environment. This methodology must be laid out in an implementation timetable that is within the duration of the contract as specified in the **Data Sheet** (DS nos. 29 and 30).

Proposers must be fully aware that the products or services that UNDP requires may be transferred, immediately or eventually, by UNDP to the Government partners, or to an entity nominated by the latter, in accordance with UNDP's policies and procedures. All proposers are therefore required to submit the following in their proposals:

- 15.3 Management Structure and Key Personnel – This section should include the comprehensive curriculum vitae (CVs) of key personnel that will be assigned to support the implementation of the proposed methodology, clearly defining the roles and responsibilities vis-à-vis the proposed methodology. CVs should establish competence and demonstrate qualifications in areas relevant to the TOR.

In complying with this section, the Proposer assures and confirms to UNDP that the personnel being nominated are available for the Contract on the dates proposed. If any of the key personnel later becomes unavailable, except for unavoidable reasons such as death or medical incapacity, among other possibilities, UNDP reserves the right to consider the proposal non-responsive. Any deliberate substitution arising from unavoidable reasons, including delay in the implementation of the project of programme through no fault of the Proposer shall be made only with UNDP's acceptance of the justification for substitution, and UNDP's approval of the qualification of the replacement who shall be either of equal or superior credentials as the one being replaced.

15.4 Where the **Data Sheet** requires the submission of the Proposal Security, the Proposal Security shall be included along with the Technical Proposal. The Proposal Security may be forfeited by UNDP, and reject the Proposal, in the event of any or any combination of the following conditions:

- a) If the Proposer withdraws its offer during the period of the Proposal Validity specified in the **Data Sheet** (DS no. 11), or;
- b) If the Proposal Security amount is found to be less than what is required by UNDP as indicated in the **Data Sheet** (DS no. 9), or;

 - i. to sign the Contract after UNDP has awarded it;
 - ii. to comply with UNDP's variation of requirement, as per RFP clause 35; or
 - iii. to furnish Performance Security, insurances, or other documents that UNDP may require as a condition to rendering the effectivity of the contract that may be awarded to the Proposer.

16. Financial Proposals

The Financial Proposal shall be prepared using the attached standard form (Section 7). It shall list all major cost components associated with the services, and the detailed breakdown of such costs. All outputs and activities described in the Technical Proposal must be priced separately on a one-to-one correspondence. Any output and activities described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, as well as in the final total price.

17. Currencies

All prices shall be quoted in the currency indicated in the **Data Sheet** (DS no. 15). However, where Proposals are quoted in different currencies, for the purposes of comparison of all Proposals:

- a) UNDP will convert the currency quoted in the Proposal into the UNDP preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Proposals; and
- b) In the event that the proposal found to be the most responsive to the RFP requirement is quoted in another currency different from the preferred currency as per **Data Sheet** (DS no. 15), then UNDP shall reserve the right to award the contract in the currency of UNDP's preference, using the conversion method specified above.

Proposals submitted by two (2) or more Proposers shall all be rejected if they are found to have any of the following:

- a) they have at least one controlling partner, director or shareholder in common; or
- b) any one of them receive or have received any direct or indirect subsidy from the other/s; or
- c) they have the same legal representative for purposes of this RFP; or
- d) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Proposal of, another Proposer regarding this RFP process;

- another Proposal under its name as lead Proposer; or

18. Documents Establishing the Eligibility and Qualifications of the Proposer

The Proposer shall furnish documentary evidence of its status as an eligible and qualified vendor, using the forms provided under Section 5, Proposer Information Forms. In order to award a contract to a Proposer, its qualifications must be documented to UNDP's satisfaction. These include, but are not limited to, the following:

- a) That, in the case of a Proposer offering to supply goods under the Contract which the Proposer did not manufacture or otherwise produce, the Proposer has been duly authorized by the goods' manufacturer or producer to supply the goods in the country of final destination;
- b) That the Proposer has the financial, technical, and production capability necessary to perform the Contract; and
- c) That, to the best of the Proposer's knowledge, it is not included in the UN 1267/1989 List or the UN Ineligibility List, nor in any and all of UNDP's list of suspended and removed vendors.

19. Joint Venture, Consortium or Association

If the Proposer is a group of legal entities that will form or have formed a joint venture, consortium or association at the time of the submission of the Proposal, they shall confirm in their Proposal that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the joint venture jointly and severally, and this shall be duly evidenced by a duly notarized Agreement among the legal entities, which shall be submitted along with the Proposal; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

After the Proposal has been submitted to UNDP, the lead entity identified to represent the joint venture shall not be altered without the prior written consent of UNDP. Furthermore, neither the lead entity nor the member entities of the joint venture can:

- a) Submit another proposal, either in its own capacity; nor
- b) As a lead entity or a member entity for another joint venture submitting another Proposal.

The description of the organization of the joint venture/consortium/association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements of the RFP, both in the Proposal and the Joint Venture Agreement. All entities that comprise the joint venture shall be subject to the eligibility and qualification assessment by UNDP.

Where a joint venture is presenting its track record and experience in a similar undertaking as those required in the RFP, it should present such information in the following manner:

- a) Those that were undertaken together by the joint venture; and
- b) Those that were undertaken by the individual entities of the joint venture expected to be involved in the performance of the services defined in the RFP.

Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the joint venture or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.

If a joint venture's Proposal is determined by UNDP as the most responsive Proposal that offers the best value for money, UNDP shall award the contract to the joint venture, in the name of its designated lead entity. The lead entity shall sign the contract for and on behalf of all other member

entities.

In exceptional circumstances, prior to the expiration of the proposal validity period, UNDP may request Proposers to extend the period of validity of their Proposals. The request and the responses shall be made in writing, and shall be considered integral to the Proposal.

22. Proposer's Conference

When appropriate, a proposer's conference will be conducted at the date, time and location specified in the **Data Sheet** (DS no. 7). All Proposers are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Proposer. Minutes of the proposer's conference will be either posted on the UNDP website, or disseminated to the individual firms who have registered or expressed interest with the contract, whether or not they attended the conference. No verbal statement made during the conference shall modify the terms and conditions of the RFP unless such statement is specifically written in the Minutes of the Conference, or issued/posted as an amendment in the form of a Supplemental Information to the RFP.

Proposals must be received by UNDP at the address and no later than the date and time specified in the **Data Sheet** (DS nos. 20 and 21).

25. Withdrawal, Substitution, and Modification of Proposals

- 25.1 Proposers are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of its Proposals to the requirements of the RFP, keeping in mind that material deficiencies in providing information requested by UNDP, or lack clarity in the description of services to be provided, may result in the rejection of the Proposal. The Proposer shall assume the responsibility regarding erroneous interpretations or conclusions made by the Proposer in the course of understanding the RFP out of the set of information furnished by UNDP.
- 25.2 A Proposer may withdraw, substitute or modify its Proposal after it has been submitted by sending a written notice in accordance with Clause 23.1, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). All notices must be received by UNDP prior to the deadline for submission and submitted in accordance with RFP Clause 23.1 (except that withdrawal notices do not require copies). The respective envelopes shall be clearly marked "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION".
- 25.3 Proposals requested to be withdrawn shall be returned unopened to the Proposers.
- 25.4 No Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the expiration of the period of proposal validity specified by the Proposer on the Proposal Submission Form or any extension thereof.

The Proposers' names, modifications, withdrawals, the condition of the envelope labels/seals, the number of folders/files and all other such other details as UNDP may consider appropriate, will be announced at the opening. No Proposal shall be rejected at the opening stage, except for late submission, for which the Proposal shall be returned unopened to the Proposer.

27. Confidentiality

Information relating to the examination, evaluation, and comparison of Proposals, and the recommendation of contract award, shall not be disclosed to Proposers or any other persons not officially concerned with such process, even after publication of the contract award.

Any effort by a Proposer to influence UNDP in the examination, evaluation and comparison of the Proposals or contract award decisions may, at UNDP's decision, result in the rejection of its Proposal.

In the event that a Proposer is unsuccessful, the Proposer may seek a meeting with UNDP for a debriefing. The purpose of the debriefing is discussing the strengths and weaknesses of the Proposer's submission, in order to assist the Proposer in improving the proposals presented to UNDP. The content of other proposals and how they compare to the Proposer's submission shall not be discussed.

E. EVALUATION OF PROPOSALS

28. Preliminary Examination of Proposals

UNDP shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, whether or not the Proposer is in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's list of suspended and removed vendors, and whether the Proposals are generally in order, among other indicators that may be used at this stage. UNDP may reject any Proposal at this stage.

29. Evaluation of Proposals

- 29.1 UNDP shall examine the Proposal to confirm that all terms and conditions under the UNDP General Terms and Conditions and Special Conditions have been accepted by the Proposer without any deviation or reservation.
- 29.2 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other documentation provided, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet** (DS no. 32). Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP particularly the demands of the Terms of Reference, which also means that it fails to achieve the minimum technical score indicated in the **Data Sheet** (DS no. 25). Absolutely no changes may be made by UNDP in the criteria, sub-criteria and point system indicated in the **Data Sheet** (DS no. 32) after all Proposals have been received.
- 29.3 In the second stage, only the Financial Proposals of those Proposers who achieve the minimum technical score will be opened for evaluation for comparison and review. The Financial Proposal Envelopes corresponding to Proposals that did not meet the minimum passing technical score shall be returned to the Proposer unopened. The overall evaluation score will be based either on a combination of the technical score and the financial offer, or the lowest evaluated financial proposal of the technically qualified Proposers. The evaluation method that applies for this RFP shall be as indicated in the **Data Sheet** (DS No. 25).

When the Data Sheet specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:

Rating the Technical Proposal (TP):

TP Rating = (Total Score Obtained by the Offer / Max. Obtainable Score for TP) x 100

Rating the Financial Proposal (FP):

FP Rating = (Lowest Priced Offer / Price of the Offer Being Reviewed) x 100

Total Combined Score:

$$\frac{(\text{TP Rating}) \times (\text{Weight of TP, e.g. 60\%}) + (\text{FP Rating}) \times (\text{Weight of FP, e.g., 40\%})}{\text{Total Combined and Final Rating of the Proposal}}$$

29.4 UNDP reserves the right to undertake a post-qualification exercise aimed at determining, to its satisfaction the validity of the information provided by the Proposer. Such post-qualification shall be fully documented and, among those that may be listed in the **Data Sheet** (DS No.33), may include, but need not be limited to, all or any combination of the following :

- a) Verification of accuracy, correctness and authenticity of information provided by the Proposer on the legal, technical and financial documents submitted;
- b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team;
- c) Inquiry and reference checking with Government entities with jurisdiction on the Proposer, or any other entity that may have done business with the Proposer;
- d) Inquiry and reference checking with other previous clients on the quality of performance on ongoing or previous contracts completed;
- e) Physical inspection of the Proposer's offices, branches or other places where business transpires, with or without notice to the Proposer;
- f) Quality assessment of ongoing and completed outputs, works and activities similar to the requirements of UNDP, where available; and
- g) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

30. Clarification of Proposals

To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Proposer for a clarification of its Proposal.

UNDP's request for clarification and the response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP Clause 32.

Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.

31. Responsiveness of Proposal

UNDP's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself.

A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.

If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Proposer by correction of the material deviation, reservation, or omission.

32. Nonconformities, Reparable Errors and Omissions

Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.

Provided that a Proposal is substantially responsive, UNDP may request the Proposer to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

Provided that the Proposal is substantially responsive, UNDP shall correct arithmetical errors as follows:

- a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

If the Proposer does not accept the correction of errors made by UNDP, its Proposal shall be rejected.

F. AWARD OF CONTRACT

33. Right to Accept, Reject, or Render Non-Responsive Any or All Proposals

UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Proposer(s) of the grounds for UNDP's action. Furthermore, UNDP shall not be obliged to award the contract to the lowest price offer.

UNDP shall also verify, and immediately reject their respective Proposal, if the Proposers are found to appear in the UN's Consolidated List of Individuals and Entities with Association to Terrorist Organizations, in the List of Vendors Suspended or Removed from the UN Secretariat Procurement Division Vendor Roster, the UN Ineligibility List, and other such lists that as may be established or recognized by UNDP policy on Vendor Sanctions. (See http://www.undp.org/content/undp/en/home/operations/procurement/procurement_protest/ for details).

36. Contract Signature

Within fifteen (15) days from the date of receipt of the Contract, the successful Proposer shall sign and date the Contract and return it to UNDP.

Failure of the successful Proposer to comply with the requirement of RFP Clause 35 and this provision shall constitute sufficient grounds for the annulment of the award, and forfeiture of the Proposal Security if any, and on which event, UNDP may award the Contract to the Proposer with the second highest rated Proposal, or call for new Proposals.

37. Performance Security

A performance security, if required, shall be provided in the amount and form provided in Section 9 and by the deadline indicated in the **Data Sheet** (DS no. 14), as applicable. Where a Performance Security will be required, the submission of the said document, and the confirmation of its acceptance by UNDP, shall be a condition for the effectivity of the Contract that will be signed by and between the successful Proposer and UNDP.

38. Bank Guarantee for Advanced Payment

In the event that the Proposer requires an advanced payment upon contract signature, and if such request is duly accepted by UNDP, and the said advanced payment exceeds 20% of the total proposal price, or exceed the amount of USD 30,000, UNDP shall require the Proposer to submit a Bank Guarantee in the same amount as the advanced payment. A bank guarantee for advanced payment shall be furnished in the form provided in Section 10.

Section 3: Terms of Reference (TOR)

TERMS OF REFERENCE

Creation of Job Opportunities through Business Support for Youth in the Transnistrian region and the Security Zone (2 Lots)

Reference to the Project: Support to Confidence Building Measures Programme (SCBM)

Starting Date: November, 2013

End Date: February, 2015

I. BACKGROUND

Sluggish growth in remittances, stagnant real wages and unemployment, combined with fewer job opportunities, affected disproportionately the most vulnerable groups in Moldova, including the Transnistrian region. Economic activities need a boost as a means to promote economic development, advance cooperation between the two banks and improve the well-being of the people of Moldova as a whole.

Funded by the EU, the United Nations Development Programme in Moldova has provided support to confidence building measures (SCBM) between Chisinau and Tiraspol. The overall objective of the programme is to increase confidence between Chisinau and Tiraspol by involving municipalities and civil society organizations in various economic and social confidence building projects.

The SCBM project includes, inter alia, a comprehensive and sustainable Business Development Program, aimed at fostering cross river cooperation and re-building the economic ties between the banks, creating employment, generating income, contributing to economic development and growth. The Business Development Program seeks to address the key obstacles that stymie business development, in order to focus on areas where limited resources can make the most difference, boosting the competitiveness of the SME sector and fostering cross-border business linkages and cooperation.

Business support programs would benefit the population through jobs creation and economic growth, and teach the sides to resolve common problems together, because the nature of both sides' economic problems is similar, as are the risks and structural shortcomings both economies face. Some of the challenges they both encounter are: a) deficit in qualified labor force; b) underdeveloped infrastructure, c) low competitiveness of products and access to foreign markets, d) poor diversification of industries, and e) high regional competition in attracting foreign investments. Low productivity, poor quality and management are common failures, and a more elevated business environment would benefit both parties.

According to the "Feasibility study on small and medium enterprises (SMEs) development in the Transnistrian (TN) region of Moldova"³, conducted as part of the business development program in October 2010, the key structural impediments to SMEs development in the region include a host of issues ranging from high taxes, intrusive checks by controlling agencies, stagnant real wages and unemployment to lack of business education to political and economic instability. From those, the study has selected and underscored four main constraints: lack of joint business training programs for both sides; lack of business support infrastructure; lack of access to finance for SMEs and lack of joint business development programs and projects for both sides.

The first constraint has been addressed by setting up a network of business schools to develop the local pool of entrepreneurial skills and provide business training to beginner entrepreneurs, managers of existing SMEs and CEOs, as well as train local business trainers to meet the growing local demand for business education. A research into Transnistria's SME environment and a blueprint for establishing a business incubator have been proposed to address the second constraint, lack of business support infrastructure. The lack of joint business development opportunities and programs were addressed through joint business support and advisory services for both sides. The projects were designed to foster cross-river exchanges between similar beneficiaries and support the development of the private sector

³ See the "Feasibility study on small and medium enterprises (SMEs) development in the Transnistria (TN) region of Moldova", conducted in 2010 by Addvances and Noviy Vek. The report is available on request

on both banks. A “Market Survey of the Microfinance Sector in the Transnistrian region of Moldova”⁴ has been conducted to address the third constraint, lack of access to finance for SMEs, and to suggest a mechanism of establishment of a microfinance facility in the region. According to the study, the SMEs have a reduced share (under 10%) in the regional economy, caused inter alia by the reduced availability of small business support programs, including coaching, and financial support.

The study has identified youth as a group that would benefit most from support. From one side, young men and women have been the most affected by the regional negative economic trends of the recent years, as it became more difficult for them to find local jobs or other sources of income. On the other hand, they have the most potential in developing the needed entrepreneurial abilities to establish vibrant start-ups that would benefit the regional economy as a whole. While young people in some districts on the Nistru right bank have benefitted already from programs supporting youth entrepreneurship, this has hardly been the case on the left bank and the Security Zone; the experience and good practices of such programs would be of particular use in developing a similar initiative targeting youth in Transnistria and the Security Zone.

II. OBJECTIVES AND SCOPE OF WORK

The **key objective** of the present initiative is to **create job opportunities for young men and women (18 to 35 years old) in the Transnistrian region (Lot 1) and the Security Zone (Lot 2) by providing young entrepreneurs with support in starting and running effectively a business, and opportunities to network and share knowledge and best practices.**

This multilateral support will offer possibilities for young men and women, including labor migrants abroad, to launch their own business locally, thus producing additional jobs and sources of income for the community. The initiative will focus on enabling young people with the most innovative ideas and best entrepreneurship potential from the whole Transnistrian region, and the localities of the Security Zone (paying specific heed to gender balance and vulnerable groups representation) to start and run their own business.

To achieve this key objective, the requested services will be divided in two lots, with the following scope of work:

II.1. Creation of Job Opportunities for Youth in the Transnistria region – Lot 1

As a first step, free “crash” courses teaching the basics of business-plan writing will be offered to up to 150 pre-selected young candidates, men and women aged 18 to 35, as well as business-plan guidelines would be developed and made available online. Consultations in specific areas would also be provided (e.g. accounting, legal, loan application). Further, the beneficiaries of the courses, as well as any other interested young people from the region, will be requested to develop their own business-plans that would be submitted to a selection committee. The committee would use a set of objective criteria for the selection of the best business plans. Plans that involve women, returning migrants and representatives of vulnerable groups, and, primarily, those that have a cross-river business exchange component, would have priority.

The best 30 business-plans selected as a result would be eligible for the next stage, which should include, among others, support in further improving these business plans, individual business coaching, legal advice and financial brokering, as well as the possibility of awarding of a support grant. Both start-ups and existing businesses that need further development would be eligible. The grant would be of up to 15,000\$ per business with at least 10% of personal contribution (in cash) and be directed towards acquisition of the equipment and goods necessary, as well as other relevant costs in conformity with the business plan. Running costs shall not be eligible. The payments for the respective goods and services under the awarded grant shall be carried out by the Contractor in conformity with the provisions of the business plan, the Contractor’s procurement procedures and international best practices, and in coordination with the beneficiary grantee.

⁴ See the “Market Survey of the Microfinance Sector in the Transnistrian region of Moldova”, conducted in 2013. The report is available on request.

Specific attention will be paid to continuous learning, as well as experience and best practice sharing. Regular training seminars and two working conferences, as well as a Network of young entrepreneurs will be organized, that will involve representatives of similar programs and successful entrepreneurs from both banks of the Nistru River.

II.2. Creation of Job Opportunities for Youth in the Security Zone – Lot 2

This lot will follow a similar algorithm (at a smaller scale) targeted at beneficiaries from 9 districts of the Security Zone: Floresti, Soldanesti, Rezina, Orhei, Criuleni, Dubasari, Anenii Noi, Causeni and Stefan Voda. Similarly, as a first step, free “crash” courses teaching the basics of business-plan writing will be offered to up to 50 pre-selected young candidates, men and women aged 18 to 35, as well as business-plan guidelines would be developed and made available online. Consultations in specific areas would also be provided (e.g. accounting, legal, loan application). Further, the beneficiaries of the courses, as well as any other interested young people from the region, will be requested to develop their own business-plans that would be submitted to a selection committee. The committee would use a set of objective criteria for the selection of the best business plans. Plans that involve women, returning migrants and representatives of vulnerable groups, and, primarily, those that have a cross-river business exchange component, would have priority.

The best 10 business-plans selected as a result would be eligible for the next stage, which should include, among others, support in further improving these business plans, individual business coaching, legal advice and financial brokering, as well as the possibility of awarding of a support grant. Both start-ups and existing businesses that need further development would be eligible. The grant would be of up to 15,000\$ per business with at least 10% of personal contribution (in cash) and be directed towards acquisition of the equipment and goods necessary, as well as other relevant costs in conformity with the business plan. Running costs shall not be eligible. The payments for the respective goods and services under the awarded grant shall be carried out by the Contractor in conformity with the provisions of the business plan, the Contractor’s procurement procedures and international best practices, and in coordination with the beneficiary grantee

Specific attention will be paid to continuous learning, as well as experience and best practice sharing. Regular training seminars and two working conferences, as well as a Network of young entrepreneurs will be organized, that will involve representatives of similar programs and successful entrepreneurs from both banks of the Nistru River.

III. KEY ACTIVITIES
