UNDP is committed to preventing, identifying and addressing all acts of fraud and corrupt practices against UNDP as well as third parties involved in UNDP activities. - 10.2 UNDP shall endeavor to provide such responses to clarifications in an expeditious manner, but any delay in such response shall not cause an obligation on the part of UNDP to extend the submission date of the Proposals, unless UNDP deems that such an extension is justified and necessary.

11. Amendment of Proposals

- 11.1 At any time prior to the deadline of Proposal submission, UNDP may for any reason, such as in response to a clarification requested by a Proposer, modify the RFP in the form of a Supplemental Information to the RFP. - 11.2 In order to afford prospective Proposers reasonable time to consider the amendments in preparing their Proposals, UNDP may, at its discretion, extend the deadline for submission of Proposals, if the nature of the amendment to the RFP justifies such an extension.

C. PREPARATION OF PROPOSALS

12. Cost

The Proposer shall bear any and all costs related to the preparation and/or submission of the Proposal, regardless of whether its Proposal was selected or not. UNDP shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

13. Language

The Proposal, as well as any and all related correspondence exchanged by the Proposer and UNDP, shall be written in the language (s) specified in the **Data Sheet** (DS No 4). Any printed literature furnished by the Proposer written in a language other than the language indicated in the **Data Sheet**, must be accompanied by a translation in the preferred language indicated in the **Data Sheet**. For purposes of interpretation of the Proposal, and in the event of discrepancy or inconsistency in meaning, the version translated into the preferred language shall govern. Upon conclusion of a contract, the language of the contract shall govern the relationship between the contractor and UNDP.

14. Proposal Submission Form

The Proposer shall submit the Proposal Submission Form using the form provided in Section 4 of this RFP.

15. Technical Proposal Format and Content

Unless otherwise stated in the **Data Sheet** (DS no. 28), the Proposer shall structure the Technical Proposal as follows:

- 15.1 Expertise of Firm/Organization – this section should provide details regarding management structure of the organization, organizational capability/resources, and experience of organization/firm, the list of projects/contracts (both completed and on-going, both domestic and international) which are related or similar in nature to the requirements of the RFP, and proof of financial stability and adequacy of resources to complete the services required by the RFP (see RFP clause 18 and DS No. 26 for further details). The same shall apply to any other entity participating in the RFP as a Joint Venture or Consortium.
- 15.2 Proposed Methodology, Approach and Implementation Plan – this section should demonstrate the Proposer’s response to the Terms of Reference by identifying the specific components proposed, how the requirements shall be addressed, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; identifying the works/portions of the work that will be subcontracted; and demonstrating how the proposed methodology meets or exceeds the specifications, while ensuring appropriateness of the approach to the local conditions and the rest of the project operating environment. This methodology must be laid out in an implementation timetable that is within the duration of the contract as specified in the **Data Sheet** (DS nos. 29 and 30).

Proposers must be fully aware that the products or services that UNDP requires may be transferred, immediately or eventually, by UNDP to the Government partners, or to an entity nominated by the latter, in accordance with UNDP’s policies and procedures. All proposers are therefore required to submit the following in their proposals:

- a) A statement of whether any import or export licences are required in respect of the goods to be purchased or services to be rendered, including any restrictions in the country of origin, use or dual use nature of the goods or services, including any disposition to end users; and
 - b) Confirmation that the Proposer has obtained license of this nature in the past, and have an expectation of obtaining all the necessary licenses, should their Proposal be rendered the most responsive.
- 15.3 Management Structure and Key Personnel – This section should include the comprehensive curriculum vitae (CVs) of key personnel that will be assigned to support the implementation of the proposed methodology, clearly defining the roles and responsibilities vis-à-vis the proposed methodology. CVs should establish competence and demonstrate qualifications in areas relevant to the TOR.

In complying with this section, the Proposer assures and confirms to UNDP that the personnel being nominated are available for the Contract on the dates proposed. If any of the key personnel later becomes unavailable, except for unavoidable reasons such as death or medical incapacity, among other possibilities, UNDP reserves the right to

consider the proposal non-responsive. Any deliberate substitution arising from unavoidable reasons, including delay in the implementation of the project of programme through no fault of the Proposer shall be made only with UNDP's acceptance of the justification for substitution, and UNDP's approval of the qualification of the replacement who shall be either of equal or superior credentials as the one being replaced.

- 15.4 Where the **Data Sheet** requires the submission of the Proposal Security, the Proposal Security shall be included along with the Technical Proposal. The Proposal Security may be forfeited by UNDP, and reject the Proposal, in the event of any or any combination of the following conditions:
- a) If the Proposer withdraws its offer during the period of the Proposal Validity specified in the **Data Sheet** (DS no. 11), or;
 - b) If the Proposal Security amount is found to be less than what is required by UNDP as indicated in the **Data Sheet** (DS no. 9), or;
 - c) In the case the successful Proposer fails:
 - i. to sign the Contract after UNDP has awarded it;
 - ii. to comply with UNDP's variation of requirement, as per RFP clause 35; or
 - iii. to furnish Performance Security, insurances, or other documents that UNDP may require as a condition to rendering the effectivity of the contract that may be awarded to the Proposer.

16. Financial Proposals

The Financial Proposal shall be prepared using the attached standard form (Section 7). It shall list all major cost components associated with the services, and the detailed breakdown of such costs. All outputs and activities described in the Technical Proposal must be priced separately on a one-to-one correspondence. Any output and activities described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, as well as in the final total price.

17. Currencies

All prices shall be quoted in the currency indicated in the **Data Sheet** (DS no. 15). However, where Proposals are quoted in different currencies, for the purposes of comparison of all Proposals:

- a) UNDP will convert the currency quoted in the Proposal into the UNDP preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Proposals; and
- b) In the event that the proposal found to be the most responsive to the RFP requirement is quoted in another currency different from the preferred currency as per **Data Sheet** (DS no. 15), then UNDP shall reserve the right to award the contract in the currency of UNDP's preference, using the conversion method specified above.

Proposals submitted by two (2) or more Proposers shall all be rejected if they are found to have any of the following:

- a) they have at least one controlling partner, director or shareholder in common; or
- b) any one of them receive or have received any direct or indirect subsidy from the other/s; or
- c) they have the same legal representative for purposes of this RFP; or
- d) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Proposal of, another Proposer regarding this RFP process;
- e) they are subcontractors to each other's Proposal, or a subcontractor to one Proposal also submits another Proposal under its name as lead Proposer; or
- f) an expert proposed to be in the team of one Proposer participates in more than one Proposal received for this RFP process. This condition does not apply to subcontractors being included in more than one Proposal.

18. Documents Establishing the Eligibility and Qualifications of the Proposer

The Proposer shall furnish documentary evidence of its status as an eligible and qualified vendor, using the forms provided under Section 5, Proposer Information Forms. In order to award a contract to a Proposer, its qualifications must be documented to UNDP's satisfaction. These include, but are not limited to, the following:

- a) That, in the case of a Proposer offering to supply goods under the Contract which the Proposer did not manufacture or otherwise produce, the Proposer has been duly authorized by the goods' manufacturer or producer to supply the goods in the country of final destination;
- b) That the Proposer has the financial, technical, and production capability necessary to perform the Contract; and
- c) That, to the best of the Proposer's knowledge, it is not included in the UN 1267/1989 List or the UN Ineligibility List, nor in any and all of UNDP's list of suspended and removed vendors.

19. Joint Venture, Consortium or Association

If the Proposer is a group of legal entities that will form or have formed a joint venture, consortium or association at the time of the submission of the Proposal, they shall confirm in their Proposal that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the joint venture jointly and severally, and this shall be duly evidenced by a duly notarized Agreement among the legal entities, which shall be submitted along with the Proposal; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

After the Proposal has been submitted to UNDP, the lead entity identified to represent the joint venture shall not be altered without the prior written consent of UNDP. Furthermore, neither the lead entity nor the member entities of the joint venture can:

- a) Submit another proposal, either in its own capacity; nor
- b) As a lead entity or a member entity for another joint venture submitting another Proposal.

The description of the organization of the joint venture/consortium/association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements of

the RFP, both in the Proposal and the Joint Venture Agreement. All entities that comprise the joint venture shall be subject to the eligibility and qualification assessment by UNDP.

Where a joint venture is presenting its track record and experience in a similar undertaking as those required in the RFP, it should present such information in the following manner:

- a) Those that were undertaken together by the joint venture; and
- b) Those that were undertaken by the individual entities of the joint venture expected to be involved in the performance of the services defined in the RFP.

Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the joint venture or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.

If a joint venture's Proposal is determined by UNDP as the most responsive Proposal that offers the best value for money, UNDP shall award the contract to the joint venture, in the name of its designated lead entity. The lead entity shall sign the contract for and on behalf of all other member entities.

20. Alternative Proposals

Unless otherwise specified in the **Data Sheet** (DS nos. 5 and 6), alternative proposals shall not be considered. Where the conditions for its acceptance are met, or justifications are clearly established, UNDP reserves the right to award a contract based on an alternative proposal.

21. Validity Period

Proposals shall remain valid for the period specified in the **Data Sheet** (DS no. 8), commencing on the submission deadline date also indicated in the **Data Sheet** (DS no. 21). A Proposal valid for a shorter period shall be immediately rejected by UNDP and rendered non-responsive.

In exceptional circumstances, prior to the expiration of the proposal validity period, UNDP may request Proposers to extend the period of validity of their Proposals. The request and the responses shall be made in writing, and shall be considered integral to the Proposal.

22. Proposer's Conference

When appropriate, a proposer's conference will be conducted at the date, time and location specified in the **Data Sheet** (DS no. 7). All Proposers are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Proposer. Minutes of the proposer's conference will be either posted on the UNDP website, or disseminated to the individual firms who have registered or expressed interest with the contract, whether or not they attended the conference. No verbal statement made during the conference shall modify the terms and conditions of the RFP unless such statement is specifically written in the Minutes of the

Conference, or issued/posted as an amendment in the form of a Supplemental Information to the RFP.

D. SUBMISSION AND OPENING OF PROPOSALS

23. Submission

- 23.1 The Financial Proposal and the Technical Proposal Envelopes MUST BE COMPLETELY SEPARATE and each of them must be submitted sealed individually and clearly marked on the outside as either "TECHNICAL PROPOSAL" or "FINANCIAL PROPOSAL", as appropriate. - 23.2 Proposers must submit their Proposals in the manner specified in the **Data Sheet** (DS nos. 22 and 23). When the Proposals are expected to be in transit for more than 24 hours, the Proposer must ensure that sufficient lead time has been provided in order to comply with UNDP's deadline for submission. UNDP shall indicate for its record that the official date and time of receiving the Proposal is the actual date and time when the said Proposal has physically arrived at the UNDP premises indicated in the **Data Sheet** (DS no. 20).
- 23.3 Proposers submitting Proposals by mail or by hand shall enclose the original and each copy of the Proposal, in separate sealed envelopes, duly marking each of the envelopes as "Original Proposal" and "Copy of Proposal" as appropriate. The 2 envelopes shall then be sealed in an outer envelope. The number of copies required shall be as specified in the **Data Sheet** (DS No. 19). In the event of any discrepancy between the contents of the "Original Proposal" and the "Copy of Proposal", the contents of the original shall govern. The original version of the Proposal shall be signed or initialed by the Proposer or person(s) duly authorized to commit the Proposer on every page. The authorization shall be communicated through a document evidencing such authorization issued by the highest official of the firm, or a Power of Attorney, accompanying the Proposal.
- 23.4 Proposers must be aware that the mere act of submission of a Proposal, in and of itself, implies that the Proposer accepts the General Contract Terms and Conditions of UNDP as attached hereto as Section 11.

24. Deadline for Submission of Proposals and Late Proposals

Proposals must be received by UNDP at the address and no later than the date and time specified in the **Data Sheet** (DS nos. 20 and 21).

UNDP shall not consider any Proposal that arrives after the deadline for submission of Proposals. Any Proposal received by UNDP after the deadline for submission of Proposals shall be declared late, rejected, and returned unopened to the Proposer.

25. Withdrawal, Substitution, and Modification of Proposals

- 25.1 Proposers are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of its Proposals to the requirements of the RFP, keeping in mind that material deficiencies in providing information requested by UNDP, or lack clarity in the description of services to be provided, may result in the rejection of the Proposal. The Proposer shall assume the responsibility regarding erroneous interpretations or conclusions made by the Proposer in the course of understanding the RFP out of the set of information furnished by UNDP.
- 25.2 A Proposer may withdraw, substitute or modify its Proposal after it has been submitted by sending a written notice in accordance with Clause 23.1, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). The corresponding substitution or modification of the Proposal must accompany the respective written notice. All notices must be received by UNDP prior to the deadline for submission and submitted in accordance with RFP Clause 23.1 (except that withdrawal notices do not require copies). The respective envelopes shall be clearly marked "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION".
- 25.3 Proposals requested to be withdrawn shall be returned unopened to the Proposers.
- 25.4 No Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the expiration of the period of proposal validity specified by the Proposer on the Proposal Submission Form or any extension thereof.

26. Proposal Opening

UNDP will open the Proposals in the presence of an ad-hoc committee formed by UNDP of at least two (2) members. If electronic submission is permitted, any specific electronic proposal opening procedures shall be as specified in the **Data Sheet** (DS no. 23).

The Proposers' names, modifications, withdrawals, the condition of the envelope labels/seals, the number of folders/files and all other such other details as UNDP may consider appropriate, will be announced at the opening. No Proposal shall be rejected at the opening stage, except for late submission, for which the Proposal shall be returned unopened to the Proposer.

27. Confidentiality

Information relating to the examination, evaluation, and comparison of Proposals, and the recommendation of contract award, shall not be disclosed to Proposers or any other persons not officially concerned with such process, even after publication of the contract award.

Any effort by a Proposer to influence UNDP in the examination, evaluation and comparison of the Proposals or contract award decisions may, at UNDP's decision, result in the rejection of its Proposal.

In the event that a Proposer is unsuccessful, the Proposer may seek a meeting with UNDP for a debriefing. The purpose of the debriefing is discussing the strengths and weaknesses of the Proposer's submission, in order to assist the Proposer in improving the proposals presented to UNDP. The content of other proposals and how they compare to the Proposer's submission shall not be discussed.

E. EVALUATION OF PROPOSALS

28. Preliminary Examination of Proposals

UNDP shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, whether or not the Proposer is in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's list of suspended and removed vendors, and whether the Proposals are generally in order, among other indicators that may be used at this stage. UNDP may reject any Proposal at this stage.

29. Evaluation of Proposals

29.1 UNDP shall examine the Proposal to confirm that all terms and conditions under the UNDP General Terms and Conditions and Special Conditions have been accepted by the Proposer without any deviation or reservation.

29.2 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other documentation provided, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet** (DS no. 32). Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP particularly the demands of the Terms of Reference, which also means that it fails to

achieve the minimum technical score indicated in the **Data Sheet** (DS no. 25). Absolutely no changes may be made by UNDP in the criteria, sub-criteria and point system indicated in the **Data Sheet** (DS no. 32) after all Proposals have been received.

- 29.3 In the second stage, only the Financial Proposals of those Proposers who achieve the minimum technical score will be opened for evaluation for comparison and review. The Financial Proposal Envelopes corresponding to Proposals that did not meet the minimum passing technical score shall be returned to the Proposer unopened. The overall evaluation score will be based either on a combination of the technical score and the financial offer, or the lowest evaluated financial proposal of the technically qualified Proposers. The evaluation method that applies for this RFP shall be as indicated in the **Data Sheet** (DS No. 25).

When the Data Sheet specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:

<p><u>Rating the Technical Proposal (TP):</u></p> <p>TP Rating = (Total Score Obtained by the Offer / Max. Obtainable Score for TP) x 100</p> <p><u>Rating the Financial Proposal (FP):</u></p> <p>FP Rating = (Lowest Priced Offer / Price of the Offer Being Reviewed) x 100</p> <p><u>Total Combined Score:</u></p> $\frac{(TP \text{ Rating}) \times (\text{Weight of TP, e.g. 60\%}) + (FP \text{ Rating}) \times (\text{Weight of FP, e.g., 40\%})}{\text{Total Combined and Final Rating of the Proposal}}$
--

- 29.4 UNDP reserves the right to undertake a post-qualification exercise aimed at determining, to its satisfaction the validity of the information provided by the Proposer. Such post-qualification shall be fully documented and, among those that may be listed in the **Data Sheet** (DS No.33), may include, but need not be limited to, all or any combination of the following :

- a) Verification of accuracy, correctness and authenticity of information provided by the Proposer on the legal, technical and financial documents submitted;
- b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team;

- c) Inquiry and reference checking with Government entities with jurisdiction on the Proposer, or any other entity that may have done business with the Proposer;
- d) Inquiry and reference checking with other previous clients on the quality of performance on ongoing or previous contracts completed;
- e) Physical inspection of the Proposer's offices, branches or other places where business transpires, with or without notice to the Proposer;
- f) Quality assessment of ongoing and completed outputs, works and activities similar to the requirements of UNDP, where available; and
- g) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

30. Clarification of Proposals

To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Proposer for a clarification of its Proposal.

UNDP's request for clarification and the response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP Clause 32.

Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.

31. Responsiveness of Proposal

UNDP's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself.

A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.

If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Proposer by correction of the material deviation, reservation, or omission.

32. Nonconformities, Reparable Errors and Omissions

Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.

Provided that a Proposal is substantially responsive, UNDP may request the Proposer to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation

requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

Provided that the Proposal is substantially responsive, UNDP shall correct arithmetical errors as follows:

- a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

If the Proposer does not accept the correction of errors made by UNDP, its Proposal shall be rejected.

F. AWARD OF CONTRACT

33. Right to Accept, Reject, or Render Non-Responsive Any or All Proposals

UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Proposer(s) of the grounds for UNDP's action. Furthermore, UNDP shall not be obliged to award the contract to the lowest price offer.

UNDP shall also verify, and immediately reject their respective Proposal, if the Proposers are found to appear in the UN's Consolidated List of Individuals and Entities with Association to Terrorist Organizations, in the List of Vendors Suspended or Removed from the UN Secretariat Procurement Division Vendor Roster, the UN Ineligibility List, and other such lists that as may be established or recognized by UNDP policy on Vendor Sanctions. (See http://www.undp.org/content/undp/en/home/operations/procurement/procurement_protest/ for details).

34. Award Criteria

Prior to expiration of the period of proposal validity, UNDP shall award the contract to the qualified Proposer with the highest total score based on the evaluation method indicated in the **Data Sheet** (DS nos. 25 and 32).

35. Right to Vary Requirements at the Time of Award

At the time of award of Contract, UNDP reserves the right to vary the quantity of services and/or goods, by up to a maximum twenty five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

36. Contract Signature

Within fifteen (15) days from the date of receipt of the Contract, the successful Proposer shall sign and date the Contract and return it to UNDP.

Failure of the successful Proposer to comply with the requirement of RFP Clause 35 and this provision shall constitute sufficient grounds for the annulment of the award, and forfeiture of the Proposal Security if any, and on which event, UNDP may award the Contract to the Proposer with the second highest rated Proposal, or call for new Proposals.

37. Performance Security

A performance security, if required, shall be provided in the amount and form provided in Section 9 and by the deadline indicated in the **Data Sheet** (DS no. 14), as applicable. Where a Performance Security will be required, the submission of the said document, and the confirmation of its acceptance by UNDP, shall be a condition for the effectivity of the Contract that will be signed by and between the successful Proposer and UNDP.

38. Bank Guarantee for Advanced Payment

Except when the interests of UNDP so require, it is the UNDP's preference to make no advanced payment(s) on contracts (i.e., payments without having received any outputs). In the event that the Proposer requires an advanced payment upon contract signature, and if such request is duly accepted by UNDP, and the said advanced payment exceeds 20% of the total proposal price, or exceed the amount of USD 30,000, UNDP shall require the Proposer to submit a Bank Guarantee in the same amount as the advanced payment. A bank guarantee for advanced payment shall be furnished in the form provided in Section 10.

39. Vendor Protest

UNDP's vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a purchase order or contract through a competitive procurement process. In the event that a Proposer believes that it was not treated fairly, the following link provides further details regarding UNDP vendor protest procedures: <http://www.undp.org/procurement/protest.shtml>.

Complex Research on the Local Public Administrative E-Services in 30 target localities from the Republic of Moldova

I. Project Title

Joint Integrated Local Development Programme
Local Governance and Development Component

II. Project Description

General Background:

Within the broad agreement on the UN assistance priorities in Moldova, Government of Moldova in partnership with the UNDP and UN Women are implementing the Joint Integrated Local Development Programme (JILDLP) funded by the Governments of Denmark and Sweden. The Programme purpose is to support better and equitable service provision and sustainable local development, facilitated by the improved legal and institutional framework resulting from the implementation of the National Decentralization Strategy.

The Programme is providing central and local public authorities with the support mechanism to implement the national decentralization priorities, and is following two direct objectives:

- To support the Government in improving the policy and legal framework as mandated by the National Decentralization Strategy to ensure local autonomy, availability of resources, and more effective local management for better and equitable service provision.
- To improve the capacity of Local Public Authorities (LPA) to deliver efficient, equitable and accessible local public services, to facilitate sustainable development and foster social inclusion.

Both JILDLP areas (central and local) emphasize the national ownership and strengthening capacities at the local level to speed up economic recovery, reduce poverty and inequality, and ultimately supporting the achievement of MDGs. The Programme interventions are applying a human rights-based approach, gender mainstreaming and women's empowerment, in line with the national development targets, while responding to the challenges of EU integration driven reform.

The interventions at the local level will aim at developing models of operational local governments – 'champions of change' – by providing support to implement changes in the operation and structure of local governments in line with the changes brought by the Governmental strategy. JILDLP will assist LPAs in improving their capacity and operations, will support target communities and their local authorities to provide quality public services to achieve sustainable economic and social development, in the main areas affected by the National Decentralization Strategy.

Specific Background:

One of the objectives of the National Decentralization Strategy of Moldova is that LPA provide local services according to the needs and demands of the beneficiaries – including with respect to the rights of the vulnerable groups; functions effectively, efficiently, equitably, and following fiscal discipline. In this respect, the measures in support of the vulnerable groups, as part of the enabling and non-discrimination policies, become key-factors for improving access and quality of public services for all.

According to the Strategic Program for Governance Technological Modernization (e-Transformation), by 2020, the Government will become more transparent, more efficient and more responsive, due to intelligent investments in information technologies and their massive use in public sector.

The Electronic Government Center (eGC) under the State Chancellery, responsible for developing and implementing the government technologic modernization agenda, initiated the e-transformation of public services provided by national authorities through the Portal of Public Services to Citizens and Businesses www.servicii.gov.md, launched in May 2012, which has both an informative and an interactive character. Currently the Portal provides information on 331 public services rendered in an offline regime, as well as access to 78 e-services.

The research previously conducted by the Consortium of the Institution of Public Policies and Magenta Consulting at the request of the eGC on a nationally representative sample of 3000 respondents, shows that e-services in Moldova are more and more accessed by people, particularly by young people, with a university degree. 53% of respondents would like to access e-services, and would opt for the online regime of service delivery if given both possibilities.

According to the survey data, 58% of respondents own at least one computer; 53% of domestic households have an Internet connection; another 5% have computers, but do not own an Internet connection. The degree of household endowment with computer and internet connection depends on the area, age and respondents' incomes. The profile of population who do not possess a computer is the following: people aged over 65 years, people with monthly income less than 2000 MDL and those residing in rural areas:

- The level of computer possession in households from urban areas is much higher than that of households from rural areas (73% compared to 45% respectively).
- The fewest who make use of public services via internet are the rural population. Their share is of 5% of the total rural population that requested public services in the last 12 months. The share of urban dwellers accessing online public services is 9%, while in Chisinau this indicator reaches 12%.
- At the same time, more of the rural residents entered government's online resource more frequently. This is explained by the greater distance between rural localities and the governmental offices, the website which represented an important source of information.
- Also, the respondents living in rural areas tend to be more skeptical regarding the quality of public services delivered online.
- The older respondents requested public services using the internet in much fewer cases.

The above data results from the eGC 2012 national annual survey, conducted with the main focus on citizens' perception, uptake and support of the Governance e-Transformation in Republic of Moldova, in the context of the Technological Modernization of the Governance at the central public administration level. Hence it provides only indirect information regarding the difficulties encountered by the vulnerable groups in accessing e-services.

In order to identify the best solutions for providing efficient and equitable public services, JILD, in close consultations with eGC, seeks a qualified company that will undertake a complex research of the public administrative services provided by LPAs (based on the experience of 30 JILD target communities) and their quality as perceived by citizens, will identify opportunities for re-engineering the current local administrative services provided offline, but also the potential for digitalizing these services.

III. Scope Of Services, Expected Outputs And Target Completion

JILDP/UNDP seeks specialized company (hereinafter Service Provider) that has the capacity to perform a complex assessment/research of local public administrative services in the JILDP 30 target localities of the Republic of Moldova. The research should include, inter alia, the local governments' needs and capacity to adopt IT tools and the citizens' willingness and readiness to use e-services.

The assessment results shall be used for the following purposes:

1. Facilitate the development, promotion and implementation of local e-services, which shall be achieved by:

a) Identification of local public administrative services which can be provided or improved using e-governance tools in JILDP target communities. The assessment shall be conducted based on the local governments' capacity and willingness to adopt e-governance tools, citizens' readiness to use and support of e-services, and the efficiency of the solutions for implementing the changes.

b) Recommendations and practical solutions for e-transformation of the chosen administrative services. JILDP will select and implement solutions for the e-transformation of local public services and pilot them in cooperation with the E-Government Center and the target local governments, in order to contribute to the improvement of good local governance and local public management.

2. Conduct a public survey to determine a baseline for public perception and support of e-transformation leading to increased public satisfaction with the provision of the services

The result of the public survey will be used for periodical progress measurement, as well as an End-Line Survey to be performed in 2015, and for the elaboration of an indicators framework to measure progress and impact, as well as planning and adjustment of the JILDP activities including planning of activities for 2013-2015 in this field within the JILDP Local Governance and Development Component.

More specifically, the requested consulting services will consist in the following **tasks**:

Task 1. Assessment of local public administrative service provided at local level, needs and capacities of improving service provision, including through technological digitizing

In the context of local governance, e-services are introduced primarily to improve efficiency, effectiveness, and transparency of governance. Therefore, at the first stage it is crucial to analyze the existing services from these points of view and to provide recommendation for e-transformation in order to maximize the impact on all these three dimensions.

1.1 Understand the Government's (and UNDP/JILDP) objectives and expected results in the context of local public services provision improvement, as well as the expectations of the EGC from this assessment. Get acquainted with the current JILDP local development initiatives. Desk review of JILDP studies and reports on local public services, existing LPA institutional capacity reports and community profiles from the JILDP target communities, Chart of competences and all other relevant documents

1.2 Desk review of international practices on e-transformation of local public services, particularly in developing countries, and reflect on their applicability in the Moldovan context

1.3 Review the administrative services provided at local level:

1.3.1 Analyze the current ways of delivering these services. The assessment will be based on the existing data from 30 JILDP target communities. A sample of at least 5 communities will be selected for on-site documentation and data collection through interviews and focus-groups

1.3.2 Assess the capacity of LPAs to adopt and use e-tools in the provision of the administrative services (availability of the necessary equipment, qualified staff, capacity, etc.)

1.3.2 Assess the willingness and readiness of local governments to assimilate institutionally and operate information systems to provide e-services to the population

1.4 Assess willingness and readiness of various categories of population to uptake the available e-

Governance products/eServices, confidence in information systems security, data protection concerns while being provided with the e-services – interlinked with activities from Task2

1.5 Give inputs for the selection of services to be included in the survey tools from the Task 2

1.6 Based on the review and survey results (Task 2):

- b) Develop an analytical report for each of the services analyzed
- c) Provide proposals and recommendations for Local Public Services Modernization Schemes (including e-transformation) for the services selected by JILD/UNDP, E-Government Center and the local governments)

1.7 Draft terms of reference for elaborating the feasibility studies for the e-transformation of 3 services (selected after thorough consultations with JILD/UNDP and E-Government Center)

1.8 Discuss the findings and recommendations with main stakeholders, such as Government representatives, including EGC, specialized Parliamentary Commissions, LPAs, JILD/UNDP, etc.

The expected **outputs** to be produced for TASK 1 will include:

- d) Assessment report including:
- e) Relevant international practices analysis
- f) Comprehensive analysis of the administrative services provided at local level and current ways of delivering these services
- g) LPAs capacity and willingness to adopt and use e-tools
- h) Recommendations for reengineering the assessed administrative local services
- i) Draft Terms of Reference for e-transformation of 3 selected services
- j) Set of Short Descriptions of each reviewed service (*full name; short description of service; documents required for the service; provider, program of service, cost and duration of service provision; related legislation*). The information will serve as informative basis for the Portal of Public Services to Citizens and Businesses www.servicii.gov.md.

TASK 2: Development and implementation of a public opinion survey in target localities regarding the citizens' satisfaction with the local public service provision

The **objectives** of the survey and its analysis are as follows:

- k) Assess the public perception through a public opinion survey regarding: the degree of citizens' satisfaction with the quality of public services accessed by citizens, including offline, online and/or mixed provision formats (for national services); public support of e-transformation, data protection concerns, willingness to use e-services, etc.
- l) Provide benchmark information to enable monitoring and measuring project progress, as well as evaluate the generated outputs, outcomes and impact (at the project objectives, intermediate results levels)
- m) Evaluate local government performance in ensuring transparent, representative and accountable government

In the long run, the survey should represent an important source of information for the JILD in the establishment and functioning of a monitoring and evaluation system of the JILD activities at local level.

Methodology

The Applicant/Offeror is requested to propose the most appropriate methodology to be applied for achieving the objectives mentioned above. The methodology should also include a description of the survey sampling.

The Offeror will ensure that the survey is conducted at the local level in 30 JILDLP target communities (see list in Annex 1). The survey should be representative for the studied population. The Survey Report should also include stratification and disaggregation of data by various criteria (i.e. by gender, age, vulnerability group, users of different services, etc.).

Qualitative and Quantitative research

The assessment should include both qualitative and quantitative research.

The Survey questionnaire will include, but not be limited to the following topics:

- n) citizens' perceptions of corruption two-way communication with local government, perceived influence on the decision making process, local government openness and transparency.
- o) the formal mechanisms in place for enabling transparent, representative and accountable government, as well as the experiences and perceptions of citizens on these issues.
- p) citizen satisfaction with the quality of public services provided locally; main issues/problems related to the provision of local public services, willingness and readiness to use e-services, citizens' concerns related to the use of e-services (like personal data protection, etc).
- q) local government performance and outputs or results achieved in service delivery, income and expenditure.

The qualitative part of research (such as focus groups –minimum 5 focus groups, in-depth interviews – minimum 10 interviews) will have as target group local government representatives from JILDLP target communities, but also from town /rayon centers, in order to provide relevant information regarding services provided in urban area.

To ensure quality of the study, the contractor will make sure that interviewers – both for quantitative and qualitative data collection methods – are sufficient in number and qualified to ensure that interviews are conducted professionally in an objective and unbiased manner, and sensitivities are well addressed.

The Contractor will be responsible for the following **tasks**:

- r) Analyze JILDLP project documents and reports and identify set of variables based on the project indicators to be used as survey baseline;
- s) Elaborate the detailed survey design: methodology, tools (quantitative and qualitative questionnaires) and data collection methods, coordinating their content and format with , in collaboration with the JILDLP/UNDP;
- t) Set up and manage the survey - conduct the data collection through the fieldwork activities on the basis of the agreed methodology, sample size and designed questionnaires;
- u) Develop an appropriate database for data entry;
- v) Ensure quality of field work/data collection and data entry;
- w) Analyze the results – data control, processing and producing of statistical annexes (tables and diagrams), data analysis in the form of a report, drafting of conclusions, recommendations and follow-up activities;
- x) Produce the final presentation and reports in draft and final versions (in both Romanian and English).

The expected **outputs** to be produced for TASK 2 will include:

The terms of any sub-contract shall be subject to and conform to the provisions of this Contract.

6.0 OFFICIALS NOT TO BENEFIT:

The Contractor warrants that no official of UNDP or the United Nations has received or will be offered by the Contractor any direct or indirect benefit arising from this Contract or the award thereof. including their costs and expenses, arising out of acts or omissions of the Contractor, or the Contractor's employees, officers, agents or sub-contractors, in the performance of this Contract. This provision shall extend, inter alia, to claims and liability in the nature of workmen's compensation, products liability and liability arising out of the use of patented inventions or devices, copyrighted material or other intellectual property by the Contractor, its employees, officers, agents, servants or sub-contractors. The Contractor shall not advertise or otherwise make public the fact that it is a Contractor with UNDP, nor shall the Contractor, in any manner whatsoever use the name, emblem or official seal of UNDP or THE United Nations, or any abbreviation of the name of UNDP or United Nations in connection with its business or otherwise.

13.0 CONFIDENTIAL NATURE OF DOCUMENTS AND INFORMATION:

Information and data that is considered proprietary by either Party, and that is delivered or disclosed by one Party ("Discloser") to the other Party ("Recipient") during the course of performance of the Contract, and that is designated as confidential ("Information"), shall be held in confidence by that Party and shall be handled as follows:

13.6 These obligations and restrictions of confidentiality shall be effective during the term of the Contract, including any extension thereof, and, unless otherwise provided in the Contract, shall remain effective following any termination of the Contract.

14.0 FORCE MAJEURE; OTHER CHANGES IN CONDITIONS

14.1 In the event of and as soon as possible after the occurrence of any cause constituting force majeure, the Contractor shall give notice and full particulars in writing to the UNDP, of such occurrence or change if the Contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under this Contract. The Contractor shall also notify the UNDP of any other changes in conditions or the occurrence of any event that interferes or threatens to interfere with its performance of this Contract. On receipt of the notice required under this Article, the UNDP shall take such action as, in its sole discretion; it considers to be appropriate or necessary in the circumstances, including the granting to the Contractor of a reasonable extension of time in which to perform its obligations under this Contract.
