

INVITATION TO BID (ITB14/00812)

Crime Scene Vans

Clarification Questions and Answers (as of 04 July 2014)

- Q.1. We would like to clarify which kind of material should be used for the table and cupboard described under Item 2 of technical specifications, if it is important.
- A.1. It is up to the offeror to propose a constructive solution to the requested items and to use the appropriate materials in this regard. However, it is requested that the material used for the table and cupboard be weather resistant.
- Q.2. Is statement of full disclosure contained in the bid submission form or is it separate??
- A.2. Should the offeror be in any situation of conflict of interest, as mentioned in letters a) to d) of Section 4: *Bid Submission Form*, this kind of situation should be described at Section 2.9 *Statement of full disclosure* of Section 6: *Technical Bid Form*. If no potential conflict of interest exists, a simple confirmation of this fact would be sufficient.
