## APPLICANT'S GUIDELINES GRANTS PROGRAMME (GP-2014: ADVOCACY FOR PSYCHOLOGICAL EVALUATION) UNDER THE «STRENGTHENING NATIONAL CAPACITIES TO PROTECT THE MOST VULNERABLE FROM TORTURE IN MOLDOVA» PROJECT GRANTS FOR CIVIL SOCIETY, NOVEMBER 2014

*These guidelines describe the rules and procedures that will guide the submission, selection and implementation of projects under the grants programme under the «Strengthening National Capacities to Protect the Most Vulnerable from Torture in Moldova» Project, funded by the European Union and co-funded and implemented by the United Nations Development Programme.*

### A. BACKGROUND

The «Strengthening National Capacities to Protect the Most Vulnerable from Torture in Moldova» Project is funded by the European Union and co-funded and implemented by the United Nations Development Programme in Moldova in consultations with the Office of the UN High Commissioner for Human Rights, the East Europe Foundation and the Soros Foundation – Moldova. The goal of this Project is to contribute to the prevention of torture and fighting against impunity on the whole territory of the Republic of Moldova, including Transnistrian region, especially in respect of the most vulnerable women and men with psycho-social and intellectual disabilities in mental health facilities.

The Project also aims at supporting civil society organisations (CSOs), including associations of psychologists and psychiatrists, in advocacy for the development of forensic psychological evaluation of the alleged victims of torture in line with the Istanbul Protocol.<sup>1</sup>

In order to meet this goal the «Strengthening National Capacities to Protect the Most Vulnerable from Torture in Moldova» Project announces an Expression of Interest for project proposals.

### B. IMPLEMENTATION TIMEFRAME AND PROJECTS SIZE

**The implementation timeframe** for any project should be maximum 12 months. Projects may start in **December 2014 and may last till November 2015.**

The maximum amount the applicants can request under their project proposals budget should not exceed **13,500 USD**. In total one project can be funded under this Expression of Interest.

### C. ELIGIBLE PROJECTS AND ORGANIZATIONS

Project proposals should be submitted by **NGOs, including associations of psychologists and psychiatrists**, registered in the Republic of Moldova, including Transnistrian region. Projects should include a range of activities to address the issues covered by the Grants Programme. The projects should describe a consistent set of activities with clearly defined operational tasks.

As an overarching goal, a particular focus will be maintained on projects that contribute to the prevention of torture and fighting against impunity on the whole territory of the Republic of Moldova, including Transnistrian region, especially in respect of the most vulnerable women and men with psycho-social and intellectual disabilities in mental health facilities.

The Applicant will be able to submit only one project proposal under this grants competition for its further consideration by the Evaluation Committee.

*Together with the Application Form, the applicant should submit a statement under their own responsibility that none of the above applies to them (see. Application Form – «Applicant’s Statement»).*

**D. PROJECTS IMPLEMENTATION AREAS**

**Project proposals should focus on the advocacy for the development of forensic psychological evaluation of the alleged victims of torture in line with the Istanbul Protocol<sup>2</sup> in Moldova (including the Transnistrian region, if possible) in the cases of torture.**

Psychological evaluation of victims of torture is an underdeveloped expertise in Moldova. At the same time, there are international guidelines – Istanbul Protocol – on the effective documentation of various evidences of torture, including psychological consequences of torture and psychological/psychiatric evaluation of victims of torture. Such documentation brings evidence of torture and ill-treatment to light so that perpetrators may be held accountable for their actions and the interests of justice may be served.

Successful proposals should also **prioritise advocacy for the development of forensic psychological evaluation, taking into account special situation of women and men with psycho-social and intellectual disabilities in mental health facilities.** The applicants are advised to study the Report A/HRC/22/53<sup>3</sup> as of 1 February 2013 released by Mr. Juan Mendez, the UN Special Rapporteur of torture, which serves as a basis for the understanding of torture in mental and other health facilities, and are encouraged to draft their applications based on the issues covered in the Report. Torture in psychiatric hospitals and neurological internats (care homes), is an emerging issue in Moldova and more information about the situation in this sphere can be found in the reports of the Parliamentary Advocates<sup>4</sup> and the Pilot Ombudsperson in Psychiatric Institutions.<sup>5</sup>

Applicants should demonstrate how **gender and minorities (national, ethnic, linguistic, religious etc.) mainstreaming is ensured throughout the project proposal.** This could be done through, but not limited to, the involvement of both women and men, as well as persons belonging to minorities, into the management/implementation of the proposed project, ensuring that women, men and persons belonging to minorities will be planned beneficiaries of the project, raising gender and minority related aspects within the issues covered by the project proposal (for example, prosecutors inaction in cases of sexual abuse of women in psychiatric facilities amounting to torture, involuntary abortions/sterilization of persons of specific ethnicity in psychiatric facilities, lack of informed consent for medical treatment and medication in preferred language etc.), cooperation with NGOs of persons belonging to minorities for the purposes of project implementation etc.

The selected NGO should also ensure visibility for the donors – EU and UNDP – and for the «Strengthening National Capacities to Protect the Most Vulnerable from Torture in Moldova» Project.

Representatives of the NGO will be invited to the training activities related to the issue of prevention and combating of torture in mental health facilities, organised within the «Strengthening National Capacities to Protect the Most Vulnerable from Torture in Moldova» Project.
