### Procurement of Software products

#### Clarification Questions and Answers (as of 25 September – 05 October 2015)

- Q.1. Participants need to make their quotation in USD, are we also allowed offering in Euro's?  
A.1. Preferred currency of quotations is USD.
- Q.2. Item 1 – Windows 7 Professional, 64 bit, English. Do you approach the proposal with the latest software product Windows 8.1 Pro or Windows 10 Pro, with possible downgrade to Windows 7 Pro?  
A.2. The request is for Windows 7 Professional, 64 bit, English.
- Q.3. Item 2 – Office Home and Student 2013, English. We would like to draw your attention that Microsoft authorizes to use this only for educational purposes and / or for home use. In connection with the above we want to clarify whether you really want to buy this software because its final destination on the basis of the tender documentation does not meet the above criteria?  
A.3. The revised requirement is as follows: Office Home and Business 2013, English. The RfQ15/01122 will be amended to reflect this requirement.
- Q.4. Item 5 – Bit Defender Internet Security 2014-2015, subscription 1 year, English. Please note that at the moment in the market there are many alternative software with similar functionality and purpose. Will the proposal has been rejected in the case of the provision of prices of similar software from another vendor?  
A.4. The request is for Bit Defender Internet Security 2014-2015.
- Q.5. ABBYY FineReader 12 Corporate offers two types of licensing: per-seat and concurrent. Concurrent licensing allows installing the software on as many PCs as required, but users may only run the software simultaneously on the number of PCs equal to the number of licenses purchased. Please advise us what type of license the you are interested in so that we can supply the same."  
A.5. ABBYY FineReader 12 Corporate concurrent licensing.

Q.7. Please provide clarification on the situation with the form of delivery of goods in RFQ 0015/01122: This product should be placed on disks or other branded electronic media, in the amount specified in Annex 2? Or the product keys can be supplied in the form of an e-mail, and the software itself can be downloaded from the site of the client software.

A.7. There is no special requirement for the form of delivery of goods.

Q.8. Should you decide to place an order, you need to provide us with one email address per subscription. This means you need to provide us with 5 different email ID's. Do let us know if this is possible. Else alternate option is we can quote you a team version, which needs just one email address for delivery. Kindly advice

A.8. All necessary information will be provided to successful bidder.
