- 10.2 UNDP shall endeavor to provide such responses to clarifications in an expeditious manner, but any delay in such response shall not cause an obligation on the part of UNDP to extend the submission date of the Proposals, unless UNDP deems that such an extension is justified and necessary.

11. Amendment of Proposals

- 11.1 At any time prior to the deadline of Proposal submission, UNDP may for any reason, such as in response to a clarification requested by a Proposer, modify the RFP in the form of a Supplemental Information to the RFP. C. PREPARATION OF PROPOSALS

12. Cost

The Proposer shall bear any and all costs related to the preparation and/or submission of the Proposal, regardless of whether its Proposal was selected or not. UNDP shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

The Proposal, as well as any and all related correspondence exchanged by the Proposer and UNDP, shall be written in the language (s) specified in the **Data Sheet** (DS No 4). Any printed literature furnished by the Proposer written in a language other than the language indicated in the **Data Sheet**, must be accompanied by a translation in the preferred language indicated in the **Data Sheet**. For purposes of interpretation of the Proposal, and in the event of discrepancy or inconsistency in meaning, the version translated into the preferred language shall govern. Upon conclusion of a contract, the language of the contract shall govern the relationship between the contractor and UNDP.

14. Proposal Submission Form

The Proposer shall submit the Proposal Submission Form using the form provided in Section 4 of this RFP.

15. Technical Proposal Format and Content

Unless otherwise stated in the **Data Sheet** (DS no. 28), the Proposer shall structure the Technical Proposal as follows:

- 15.1 Expertise of Firm/Organization – this section should provide details regarding management structure of the organization, organizational capability/resources, and experience of organization/firm, the list of projects/contracts (both completed and ongoing, both domestic and international) which are related or similar in nature to the requirements of the RFP, and proof of financial stability and adequacy of resources to complete the services required by the RFP (see RFP clause 18 and DS No. 26 for further details). The same shall apply to any other entity participating in the RFP as a Joint Venture or Consortium.
- 15.2 Proposed Methodology, Approach and Implementation Plan – this section should demonstrate the Proposer's response to the Terms of Reference by identifying the specific components proposed, how the requirements shall be addressed, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; identifying the works/portions of the work that will be subcontracted; and demonstrating how the proposed methodology meets or exceeds the specifications, while ensuring appropriateness of the approach to the local conditions and the rest of the project operating environment. This methodology must be laid out in an implementation timetable that is within the duration of the contract as specified in the **Data Sheet** (DS nos. 29 and 30).

Proposers must be fully aware that the products or services that UNDP requires may be transferred, immediately or eventually, by UNDP to the Government partners, or to an entity nominated by the latter, in accordance with UNDP's policies and procedures. All proposers are therefore required to submit the following in their proposals:

- b) Confirmation that the Proposer has obtained license of this nature in the past, and have an expectation of obtaining all the necessary licenses, should their Proposal be

rendered the most responsive.

- 15.3 Management Structure and Key Personnel – This section should include the comprehensive curriculum vitae (CVs) of key personnel that will be assigned to support the implementation of the proposed methodology, clearly defining the roles and responsibilities vis-à-vis the proposed methodology. CVs should establish competence and demonstrate qualifications in areas relevant to the TOR.

In complying with this section, the Proposer assures and confirms to UNDP that the personnel being nominated are available for the Contract on the dates proposed. If any of the key personnel later becomes unavailable, except for unavoidable reasons such as death or medical incapacity, among other possibilities, UNDP reserves the right to consider the proposal non-responsive. Any deliberate substitution arising from unavoidable reasons, including delay in the implementation of the project of programme through no fault of the Proposer shall be made only with UNDP's acceptance of the justification for substitution, and UNDP's approval of the qualification of the replacement who shall be either of equal or superior credentials as the one being replaced.

- 15.4 Where the **Data Sheet** requires the submission of the Proposal Security, the Proposal Security shall be included along with the Technical Proposal. The Proposal Security may be forfeited by UNDP, and reject the Proposal, in the event of any or any combination of the following conditions:

- a) If the Proposer withdraws its offer during the period of the Proposal Validity specified in the **Data Sheet** (DS no. 11), or;
- b) If the Proposal Security amount is found to be less than what is required by UNDP as indicated in the **Data Sheet** (DS no. 9), or;
- c) In the case the successful Proposer fails:
 - i. to sign the Contract after UNDP has awarded it;
 - ii. to comply with UNDP's variation of requirement, as per RFP clause 35; or
 - iii. to furnish Performance Security, insurances, or other documents that UNDP may require as a condition to rendering the effectivity of the contract that may be awarded to the Proposer.

16. Financial Proposals

The Financial Proposal shall be prepared using the attached standard form (Section 7). It shall list all major cost components associated with the services, and the detailed breakdown of such costs. All outputs and activities described in the Technical Proposal must be priced separately on a one-to-one correspondence. Any output and activities described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, as well as in the final total price.

17. Currencies

All prices shall be quoted in the currency indicated in the **Data Sheet** (DS no. 15). However, where Proposals are quoted in different currencies, for the purposes of comparison of all Proposals:

- a) UNDP will convert the currency quoted in the Proposal into the UNDP preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Proposals; and
- b) In the event that the proposal found to be the most responsive to the RFP requirement is quoted in another currency different from the preferred currency as per **Data Sheet** (DS no. 15), then UNDP shall reserve the right to award the contract in the currency of UNDP's preference, using the conversion method specified above.

Proposals submitted by two (2) or more Proposers shall all be rejected if they are found to have any of the following:

- a) they have at least one controlling partner, director or shareholder in common; or
- b) any one of them receive or have received any direct or indirect subsidy from the other/s; or
- c) they have the same legal representative for purposes of this RFP; or
- d) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Proposal of, another Proposer regarding this RFP process;
- e) they are subcontractors to each other's Proposal, or a subcontractor to one Proposal also submits another Proposal under its name as lead Proposer; or
- f) an expert proposed to be in the team of one Proposer participates in more than one Proposal received for this RFP process. This condition does not apply to subcontractors being included in more than one Proposal.

18. Documents Establishing the Eligibility and Qualifications of the Proposer

The Proposer shall furnish documentary evidence of its status as an eligible and qualified vendor, using the forms provided under Section 5, Proposer Information Forms. In order to award a contract to a Proposer, its qualifications must be documented to UNDP's satisfaction. These include, but are not limited to, the following:

- a) That, in the case of a Proposer offering to supply goods under the Contract which the Proposer did not manufacture or otherwise produce, the Proposer has been duly authorized by the goods' manufacturer or producer to supply the goods in the country of final destination;
- b) That the Proposer has the financial, technical, and production capability necessary to perform the Contract; and
- c) That, to the best of the Proposer's knowledge, it is not included in the UN 1267/1989 List or the UN Ineligibility List, nor in any and all of UNDP's list of suspended and removed vendors.

19. Joint Venture, Consortium or Association

If the Proposer is a group of legal entities that will form or have formed a joint venture, consortium or association at the time of the submission of the Proposal, they shall confirm in their Proposal that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the joint venture jointly and severally, and this shall be duly evidenced by a duly notarized Agreement among the legal entities, which shall be submitted along with the Proposal; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

After the Proposal has been submitted to UNDP, the lead entity identified to represent the joint venture shall not be altered without the prior written consent of UNDP. Furthermore, neither the lead entity nor the member entities of the joint venture can:

- a) Submit another proposal, either in its own capacity; nor
- b) As a lead entity or a member entity for another joint venture submitting another Proposal.

The description of the organization of the joint venture/consortium/association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements of the RFP, both in the Proposal and the Joint Venture Agreement. All entities that comprise the joint venture shall be subject to the eligibility and qualification assessment by UNDP.

Where a joint venture is presenting its track record and experience in a similar undertaking as those required in the RFP, it should present such information in the following manner:

- a) Those that were undertaken together by the joint venture; and

- b) Those that were undertaken by the individual entities of the joint venture expected to be involved in the performance of the services defined in the RFP.

Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the joint venture or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.

If a joint venture's Proposal is determined by UNDP as the most responsive Proposal that offers the best value for money, UNDP shall award the contract to the joint venture, in the name of its designated lead entity. The lead entity shall sign the contract for and on behalf of all other member entities.

20. Alternative Proposals

Unless otherwise specified in the **Data Sheet** (DS nos. 5 and 6), alternative proposals shall not be considered. Where the conditions for its acceptance are met, or justifications are clearly established, UNDP reserves the right to award a contract based on an alternative proposal.

Proposals shall remain valid for the period specified in the **Data Sheet** (DS no. 8), commencing on the submission deadline date also indicated in the **Data Sheet** (DS no. 21). A Proposal valid for a shorter period shall be immediately rejected by UNDP and rendered non-responsive.

In exceptional circumstances, prior to the expiration of the proposal validity period, UNDP may request Proposers to extend the period of validity of their Proposals. The request and the responses shall be made in writing, and shall be considered integral to the Proposal.

22. Proposer's Conference

When appropriate, a proposer's conference will be conducted at the date, time and location specified in the **Data Sheet** (DS no. 7). All Proposers are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Proposer. Minutes of the proposer's conference will be either posted on the UNDP website, or disseminated to the individual firms who have registered or expressed interest with the contract, whether or not they attended the conference. No verbal statement made during the conference shall modify the terms and conditions of the RFP unless such statement is specifically written in the Minutes of the Conference, or issued/posted as an amendment in the form of a Supplemental Information to the RFP.

- 23.3 Proposers submitting Proposals by mail or by hand shall enclose the original and each copy of the Proposal, in separate sealed envelopes, duly marking each of the envelopes as "Original Proposal" and "Copy of Proposal" as appropriate. The 2 envelopes shall then be sealed in an outer envelope. The number of copies required shall be as specified in the **Data Sheet** (DS No. 19). The authorization shall be communicated through a document evidencing such authorization issued by the highest official of the firm, or a Power of Attorney, accompanying the Proposal.

24. Deadline for Submission of Proposals and Late Proposals

Proposals must be received by UNDP at the address and no later than the date and time specified in the **Data Sheet** (DS nos. 20 and 21).

UNDP shall not consider any Proposal that arrives after the deadline for submission of Proposals. Any Proposal received by UNDP after the deadline for submission of Proposals shall be declared late, rejected, and returned unopened to the Proposer.

25. Withdrawal, Substitution, and Modification of Proposals

- 25.1 Proposers are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of its Proposals to the requirements of the RFP, keeping in mind that material deficiencies in providing information requested by UNDP, or lack clarity in the description of services to be provided, may result in the rejection of the Proposal. The Proposer shall assume the responsibility regarding erroneous interpretations or conclusions made by the Proposer in the course of understanding the RFP out of the set of information furnished by UNDP.
- 25.2 A Proposer may withdraw, substitute or modify its Proposal after it has been submitted by sending a written notice in accordance with Clause 23.1, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). The corresponding substitution or modification of the Proposal must accompany the respective written notice. All notices must be received by UNDP prior to the deadline for submission and submitted in accordance with RFP Clause 23.1 (except that withdrawal notices do not require copies). The respective envelopes shall be clearly marked "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION".
- 25.3 Proposals requested to be withdrawn shall be returned unopened to the Proposers.
- 25.4 No Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the expiration of the period of proposal validity specified by the Proposer on the Proposal Submission Form or any extension thereof.

UNDP will open the Proposals in the presence of an ad-hoc committee formed by UNDP of at least two (2) members. If electronic submission is permitted, any specific electronic proposal opening procedures shall be as specified in the **Data Sheet** (DS no. 23).

The Proposers' names, modifications, withdrawals, the condition of the envelope labels/seals, the number of folders/files and all other such other details as UNDP may consider appropriate, will be announced at the opening. No Proposal shall be rejected at the opening stage, except for late submission, for which the Proposal shall be returned unopened to the Proposer.

27. Confidentiality

Information relating to the examination, evaluation, and comparison of Proposals, and the recommendation of contract award, shall not be disclosed to Proposers or any other persons not officially concerned with such process, even after publication of the contract award.

Any effort by a Proposer to influence UNDP in the examination, evaluation and comparison of the Proposals or contract award decisions may, at UNDP's decision, result in the rejection of its Proposal.

In the event that a Proposer is unsuccessful, the Proposer may seek a meeting with UNDP for a debriefing. The purpose of the debriefing is discussing the strengths and weaknesses of the Proposer's submission, in order to assist the Proposer in improving the proposals presented to UNDP. The content of other proposals and how they compare to the Proposer's submission shall not be discussed.

E. EVALUATION OF PROPOSALS

28. Preliminary Examination of Proposals

UNDP shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, whether or not the Proposer is in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's list of suspended and removed vendors, and whether the Proposals are generally in order, among other indicators that may be used at this stage. UNDP may reject any Proposal at this stage.

29. Evaluation of Proposals

- 29.1 UNDP shall examine the Proposal to confirm that all terms and conditions under the UNDP General Terms and Conditions and Special Conditions have been accepted by the Proposer without any deviation or reservation.
- 29.2 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other documentation provided, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet** (DS no. 32). Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP particularly the demands of the Terms of Reference, which also means that it fails to achieve the minimum technical score indicated in the **Data Sheet** (DS no. 25). Absolutely no changes may be made by UNDP in the criteria, sub-criteria and point system indicated in the **Data Sheet** (DS no. 32) after all Proposals have been received.
- 29.3 In the second stage, only the Financial Proposals of those Proposers who achieve the minimum technical score will be opened for evaluation for comparison and review. The Financial Proposal Envelopes corresponding to Proposals that did not meet the minimum

passing technical score shall be returned to the Proposer unopened. The overall evaluation score will be based either on a combination of the technical score and the financial offer, or the lowest evaluated financial proposal of the technically qualified Proposers. The evaluation method that applies for this RFP shall be as indicated in the **Data Sheet** (DS No. 25).

When the Data Sheet specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:

<p><u>Rating the Technical Proposal (TP):</u></p> <p>TP Rating = (Total Score Obtained by the Offer / Max. Obtainable Score for TP) x 100</p> <p><u>Rating the Financial Proposal (FP):</u></p> <p>FP Rating = (Lowest Priced Offer / Price of the Offer Being Reviewed) x 100</p> <p><u>Total Combined Score:</u></p> $\frac{(TP \text{ Rating}) \times (\text{Weight of TP, e.g. 60\%}) + (FP \text{ Rating}) \times (\text{Weight of FP, e.g., 40\%})}{\text{Total Combined and Final Rating of the Proposal}}$
--

29.4 UNDP reserves the right to undertake a post-qualification exercise aimed at determining, to its satisfaction the validity of the information provided by the Proposer. Such post-qualification shall be fully documented and, among those that may be listed in the **Data Sheet** (DS No.33), may include, but need not be limited to, all or any combination of the following :

- a) Verification of accuracy, correctness and authenticity of information provided by the Proposer on the legal, technical and financial documents submitted;
- b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team;
- c) Inquiry and reference checking with Government entities with jurisdiction on the Proposer, or any other entity that may have done business with the Proposer;
- d) Inquiry and reference checking with other previous clients on the quality of performance on ongoing or previous contracts completed;
- e) Physical inspection of the Proposer's offices, branches or other places where business transpires, with or without notice to the Proposer;
- f) Quality assessment of ongoing and completed outputs, works and activities similar to the requirements of UNDP, where available; and
- g) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

30. Clarification of Proposals

To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Proposer for a clarification of its Proposal.

UNDP's request for clarification and the response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP Clause 32.

Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a

response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.

31. Responsiveness of Proposal

UNDP's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself.

A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.

If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Proposer by correction of the material deviation, reservation, or omission.

32. Nonconformities, Reparable Errors and Omissions

Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.

Provided that a Proposal is substantially responsive, UNDP may request the Proposer to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

Provided that the Proposal is substantially responsive, UNDP shall correct arithmetical errors as follows:

- a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

If the Proposer does not accept the correction of errors made by UNDP, its Proposal shall be rejected.

F. AWARD OF CONTRACT

33. Right to Accept, Reject, or Render Non-Responsive Any or All Proposals

UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Proposer(s) of the grounds for UNDP's action. Furthermore, UNDP shall not be obliged to award the contract to the lowest price offer.

UNDP shall also verify, and immediately reject their respective Proposal, if the Proposers are found to appear in the UN's Consolidated List of Individuals and Entities with Association to Terrorist Organizations, in the List of Vendors Suspended or Removed from the UN Secretariat Procurement Division Vendor Roster, the UN Ineligibility List, and other such lists that as may be

established or recognized by UNDP policy on Vendor Sanctions. (See http://www.undp.org/content/undp/en/home/operations/procurement/procurement_protest/ for details).

34. Award Criteria

Prior to expiration of the period of proposal validity, UNDP shall award the contract to the qualified Proposer with the highest total score based on the evaluation method indicated in the **Data Sheet** (DS nos. 25 and 32).

35. Right to Vary Requirements at the Time of Award

At the time of award of Contract, UNDP reserves the right to vary the quantity of services and/or goods, by up to a maximum twenty five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

36. Contract Signature

Within fifteen (15) days from the date of receipt of the Contract, the successful Proposer shall sign and date the Contract and return it to UNDP.

Failure of the successful Proposer to comply with the requirement of RFP Clause 35 and this provision shall constitute sufficient grounds for the annulment of the award, and forfeiture of the Proposal Security if any, and on which event, UNDP may award the Contract to the Proposer with the second highest rated Proposal, or call for new Proposals.

37. Performance Security

A performance security, if required, shall be provided in the amount and form provided in Section 9 and by the deadline indicated in the **Data Sheet** (DS no. 14), as applicable. Where a Performance Security will be required, the submission of the said document, and the confirmation of its acceptance by UNDP, shall be a condition for the effectivity of the Contract that will be signed by and between the successful Proposer and UNDP.

38. Bank Guarantee for Advanced Payment

Except when the interests of UNDP so require, it is the UNDP's preference to make no advanced payment(s) on contracts (i.e., payments without having received any outputs). In the event that the Proposer requires an advanced payment upon contract signature, and if such request is duly accepted by UNDP, and the said advanced payment exceeds 20% of the total proposal price, or exceed the amount of USD 30,000, UNDP shall require the Proposer to submit a Bank Guarantee in the same amount as the advanced payment. A bank guarantee for advanced payment shall be furnished in the form provided in Section 10.

39. Vendor Protest

UNDP's vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a purchase order or contract through a competitive procurement process. In the event that a Proposer believes that it was not treated fairly, the following link provides further details regarding UNDP vendor protest procedures: <http://www.undp.org/procurement/protest.shtml>.

Section 3: Terms of Reference (TOR)

Design and Delivery of Training Programme on Developing Professional Competences for National Institutions with a Mandate in Human Rights Related Areas

A. **Project Title**

Strengthening Technical Capacities of the National Institutions for the Human Rights Protection and Promotion

B. **Project Description**

Promotion and protection of human rights and equality, strengthening justice and development of democratic governance is at the core of the UN work in Moldova. In these areas, the UN is aiming to ensure that difficult and complex reforms aiming to strengthen government institutions and the justice sector remain on track, and that support is provided to move from policy and legislative formulation to practical implementation.

The overall objective of the project is to improve human rights protection and rule of law, including effective national implementation of European and international instruments in the Republic of Moldova in-line with national priorities, strategies and plans.

The project seeks to strengthen the capacities of public institutions which have a mandate in the areas relating to human rights, criminal justice, governance and anti-corruption in performing their key functions, and mainstreaming human rights based approach, equality, gender issues and inclusion in their work. These institutions (hereinafter referred to as **national institutions**) include *The Office of the People's Lawyer (the Ombudsperson's Office)*, *Council on the Prevention and Elimination of Discrimination and Ensuring Equality*, *the Independent Service of Defence of the Rights of Patients of Psychiatric Hospitals (the Ombudsperson in Psychiatry)*, *Independent Mechanism of Monitoring the UN Convention on the Rights of People with Disabilities*, *National Anticorruption Centre*, *Constitutional Court*, *Parliamentary Commission for Human Rights*, *National Council for Legal Aid Guaranteed by the State*. In addition to this, several ministries (*Ministry for Labour, Social Protection and Family*, *Ministry of Health*, and *Ministry of Education*) will be involved in order to strengthen the "governance" and "human rights" components.

In addition to the above institutions a special role in this process is given to *the National Institute of Justice of Moldova (NIJ)* which is expected to become an anchor for the ongoing capacity building and networking activities for the national institutions in Moldova, and also an institution that will provide high quality human rights training to the aforementioned organizations. It was founded in 2007 and currently serves as a centre for the initial and continuous training of judges and prosecutors. Following the implementation of this project the NIJ is expected to become a bridge between all the target groups and institutions linked to the dispense of justice, protection and promotion of human rights in the Republic of Moldova and is supposed to play a key role in training specialists in the area of human rights.

The project's first and major activity consists in designing and implementing a systematic training/coaching programme for the core staff of the above-mentioned institutions. The aim will be to enhance their capacity to perform effectively in relation to their core functions and mandates from the human rights perspective.

The total number of persons expected to be trained by the end of the project is 45 to 60 staff representatives from the aforementioned national institutions. It is expected that the training programme that is to be designed by the selected bidder will consist of thematic modules

combined with practical sessions/assignments intended to consolidate the knowledge received and ensure its application in their daily practices by the staff of the respective national institutions..

In order to identify the needs of the respective institutions in specific trainings a **Training Needs Assessment** has been carried out earlier in 2015. Following the assessment performed a number of recommendations have been formulated. The General Report on Training Needs Assessment (provided upon request) contains the Concept of Training Programme that explains the aim, objectives, structure and recommended format of the whole Programme for all involved representatives of national institutions.

According to the Concept, the Training Program must contain 8 training modules (in 2 main areas: knowledge and skills on human rights and management and organizational skills from human rights perspective, and a separate “training of trainers” module) each supplemented by practical assignments. Some training modules will have identical structure for specialists from all involved institutions while others will be adapted exclusively to the needs of the participants representing specific institutions.

It has been recommended that the Training Programme be designed and implemented by a company/institution that has international experience in training and development of the staff from the human rights perspective, as well as experience on institutional development. At the same time, it is important that the current situation with human rights in the Republic of Moldova be taken into consideration when developing the Training Programme, and therefore, the team of trainers should preferably consist of professionals with both international and national experience.

The successful bidder will have to elaborate the Curriculum of the Training Programme, respective learning materials related to the training process and to deliver the trainings to the selected representatives of national institutions.

C. Scope of Services and Expected Outputs

The main objective of this assignment is to elaborate the Curriculum and design the Training Programme for specialists of the national institutions from the Republic of Moldova with a mandate in the areas relating to human rights (including the related training and learning materials). On the basis of the elaborated curriculum and programme the selected Service Provider will also conduct the respective trainings to the representatives of the national institutions.

The activities shall be carried out by the Service Provider according to the following conditions:

I. General Conditions for designing the Training Programme:

The baseline for the design of the Training programme and the respective modules should be **the Needs Assessment** that has been carried out in 2015. However, *the Service Provider is free to provide its own suggestions as to the content and design of the training modules, learning materials and other issues reflected in the Needs Assessment Report⁸*, provided that sufficient justification is given to depart from the recommendations of the Needs Assessment Report.

The educational activities should address the following three aspects of the learning process: knowledge, skills and attitudes. Attitudes and knowledge will be addressed during the training sessions, while skills should be developed through practical assignments and exercises. Therefore, the training sessions should be supplemented with the in- and post-training follow-up activities performed by the contracted trainers. The training methodology should be based

⁸ A copy of the Training Needs Assessment Report can be provided in Romanian to the interested person upon receiving from them an acknowledgement letter confirming their interest to submit a proposal.

as much as possible on the principle of “learning by doing”, with practical elements included into the curriculum.

The Training Programme should be designed in a way to meet the specific professional needs and requirements of the staff of various national institutions that derive from the specific nature of each particular institution and differences in their functions and mandate.

In this context, it has been recommended to design a Training Programme based on training modules with general/generic content and also modules with specific content relevant for various groups of institutions. Following the differences in functions and nature of the respective institutions, it has been suggested to divide the aforementioned national institutions into three groups with similar roles/functions/tasks in the area of human rights, as follows:

Group N1	The Office of the People’s Lawyer (Ombudsperson’s Office), <i>Council on the Prevention and Elimination of Discrimination and Ensuring Equality</i> , the Independent Service of Defence of the Rights of Patients of Psychiatric Hospitals, Independent Mechanism of Monitoring the UN Convention on People with Disabilities
Group N2	Ministry of Labour, Social Protection and Family, Ministry of Health, Ministry of Education
Group N3	National Anticorruption Centre, Constitutional Court, Parliamentary Commission for Human Rights, National Council for Legal Aid Guaranteed by the State, National Institute of Justice.

To ensure the sustainability of the Training Programme, the specialists from the respective institutions who will receive the training should be able to share the gathered knowledge with their colleagues from targeted national institutions that they represent and from subordinated institutions and provide similar trainings, or they can be invited as trainers for similar future trainings. Therefore, a special training module should be designed and delivered (**Training of Trainers**) in order to enable them to act as future trainers within the same training programme.

Taking into account all the above said, the selected Service Provider will have to design the following types of trainings/educational activities (with the respective curriculum and learning materials):

- 1) General trainings for specialists of all involved institutions;
- 2) Specific trainings for each of the 3 groups of national institutions;
- 3) Special training for developing trainer’s skills;
- 4) Practical sessions/assignments for the trainees.

As to the topics of the trainings, following the conclusions of the training needs assessment **8 modules/topics have been proposed to be developed and included into the curriculum of the Training Programme:**

- 1) General knowledge of the human rights system;
- 2) Organizational management from the human rights perspective;
- 3) Professional competences for the prevention of human rights violations;
- 4) Professional competences for the protection of human rights;
- 5) Professional competences for the promotion of human rights;
- 6) Developing trainer’s skills (“Training of Trainers”);
- 7) Leadership and personal development;
- 8) Projects on institutional/organizational changes (participants’ individual managerial projects based on the analysis and identification of specific issues and problems related to the activity of the institutions they represent).

The modules no. 1, 2, 6, 7, and 8 are supposed to be of generic content for the representatives of all involved institutions, while the modules no. 3, 4, and 5 should be designed based on the specific nature of each of the 3 aforementioned groups of institutions and delivered to the representative of each of them separately.

The total number of trainees who will undergo the full cycle of 8 training modules and practical sessions arranged by the Service Provider will be 45-60 (aprox. 2-6 representatives from each involved national institution). The number of trainees per cycle shall not exceed 20 people. **The expected duration of the whole cycle of 8 modules** is 35-50 working days. However, the modules shall be separated from one another by intervals during which practical sessions/assignments should be completed.

Practical sessions/assignments shall be designed in a way to ensure that the knowledge received during the theoretical training sessions is properly understood and applied in the daily professional activities of the trainees. Such practical sessions will be conducted under the guidance and mentorship of the Service Provider during the trainings or in between the training modules. The representatives of the Service Provider shall also provide feedback and individual consultations to the trainee after the completion of the Training Programme and till the evaluation.

The bidder shall decide on the type and length of practical sessions and whether it is more efficient to conduct them during/after each module or upon the completion of several modules. There shall not be less than 5 practical sessions during one training cycle (however, each module should preferably be followed by a respective practical session). The number of practical sessions proposed by the bidder and their methodology shall be reflected in detail in the bidder's proposal.

One training cycle should not necessarily start only after the full completion of the previous one. They may go in parallel or concurrently with certain delay between the cycles (e.g., after the completion of several modules of one cycle the next cycle for the next group of trainees may start), or be otherwise structured. The exact setup and timing of the whole programme shall be decided by the bidder and described in the proposal. In any case the bidder shall keep in mind the necessity of conducting separate specialized trainings for representatives of each of the 3 groups of national institutions.

A testing mechanism to evaluate the knowledge and skills gained by the participants shall also be designed and delivered by the Service Provider. Testing (Evaluation) will be final stage of the Training Programme. It should be designed to evaluate objectively the knowledge and skills received. The tests may combine theoretical and practical problems. Only trainees who attended and completed not less than 80 % of all training modules, activities and assignments shall be allowed to sit the test.

In case of successful passing of the test the trainee shall receive **a diploma/certificate issued on behalf of and confirmed by the Service Provider** confirming the completion of the Programme.

The learning materials shall be designed to support the Training Programme and provide the trainees with all relevant information. The learning materials may be edited in the form of a single manual (supported with other learning tools, like audios, videos, etc., if any) or separate materials for each particular module/practical session/exercise.

The Service Provider shall request the trainees for feedback during the whole cycle of trainings and practical sessions and adjust the Curriculum, Training Programme and learning materials on the basis of the feedback received. Respective conclusions shall be later reflected in the final report (with the final version of the Curriculum and learning materials annexed to it).

When designing the Programme **the current situation with human rights in the Republic of Moldova and overall technical and institutional capacities of Moldovan national public institutions** shall be taken into consideration. Therefore, participation of consultants/trainers with extensive experience gained in respective areas in Moldova is crucial for the successful development of the Programme.

Options for e-learning adaptation.

The whole Training Programme should be designed in a way to make it adaptable for e-learning courses and training methodologies. Though it is not required from the Service Provider to provide any e-learning adaptation of the Programme at the moment, the Programme should be designed in a way to make such adaptation possible in future, and the Service Provider shall provide relevant recommendations in the final report.

The breakdown of training delivery costs per trainee.

The bidders shall present their technical and financial proposals based on the premise that the maximum number of 60 persons will be trained within this project. However, the bidders shall also present the breakdown of the costs of delivering the trainings (that includes training modules, practical sessions and final evaluation and certification) **per trainee. The final payment for the trainings conducted will be made based on the actual number of trainees who will have taken part in them!!!**

(i.e., if only 50 persons take part in the Training Programme the payment will only cover the delivery of trainings to these 50 trainees, and not all 60 persons included in the overall financial offer).

The outline of the Training Programme shall be further discussed with and approved by UNDP Moldova.
3. **Develop and discuss with the relevant parties the detailed curriculum for all training modules and the corresponding learning materials.**
4. **Present and discuss the results of the preliminary training sessions and make necessary adjustments into the curriculum, learning materials and the methodology.** After that **the working version of the curriculum and of the learning materials** shall be presented.

6. **Arrange and guide practical sessions for participants (either during the training modules or after them) and provide assistance, guidance and mentorship necessary for the successful completion of practical assignments.**
7. **Evaluate the knowledge and skills acquired as a result of completing the Training Programme.** At the end of each training cycle (trainings + practical assignments/sessions) the participants shall be tested to evaluate the skills and knowledge gained and awarded with a diploma/certificate confirming the successful completion of the Training Programme.
8. **Prepare the final report and present the final versions of the Curriculum and Learning Materials.** After the completion of all training sessions, the Service Provider shall prepare a final report with the description of the works performed, conclusions made during the training sessions and further recommendations for both the participants of the trainings and future trainers who will conduct further similar trainings on the basis of the curriculum and learning materials designed.
