

Public Private Partnership Development

Description:	Designed as a complementary initiative to the many existing endeavors by UNDP and other organisations, the major purpose of the project is to increase the capacity of central and local governments to promote, develop and manage public-private partnership projects for infrastructure development and the provision of basic services.
Dates of implementation:	June 2007 – June 2010
Objectives pursued:	<ul style="list-style-type: none">• Establishing adequate policy, legal and institutional frameworks for Public Private Partnership development at the national and local level;• Build capacity of central and local governments to develop and implement PPP projects, promote partnership arrangements, and leverage private sector investment;• Identify investment opportunities and mobilize stakeholder support for services and infrastructure improvement projects and establishment of PPP arrangements for the development, financing and long term implementation and management of infrastructure and services;• Support for Corporate Social Responsibility initiatives in the area of health care and social assistance;
Benefits expected:	<ul style="list-style-type: none">• Institutional and regulatory frameworks in which the public authorities are able to create and implement public private partnership projects;• Private investments in utilities, public services and infrastructure enhanced;• Quality of utilities, public services and infrastructure improved;• Better value for money in delivering public services and infrastructure ensured.
Public awareness:	<ul style="list-style-type: none">• Disseminate information and create public awareness about PPP;• Facilitate the participation of citizens and expert communities to the debates related to the projects of public interest;• Facilitate the ongoing dialogue between the authorities, private sector and civil society regarding problems of regulating the delivery services of public interest.
Budget:	The total project budget is USD 1,456,212 provided by UNDP and Orange Moldova.
Partners:	Ministry of Economy and Trade, Ministry of Health, other ministries and agencies of the Government of Moldova, Orange Moldova, Orange Foundation and UNFPA.
Noteworthy:	By developing the utilities, infrastructure and public services, the project will contribute to the development of regions, poverty reduction and participation of the poor to the economic development.
